Instructions:

1. Your Basic White card base goes horizontal for this card. Adhere the Cajun Craze layer centered on the front of the card.
2. Punch a 2 3/8" circle out of the Basic White Square, stamp the sentiment in the center of the circle with Cajun Craze Ink, and adhere the circle centered on the front of the card.
3. Ink the flower with Crushed Curry and add some Cajun Craze ink around the edge directly on the stamp – then huff and stamp. Repeat till you have five of these can cut out with the Cut & Emboss machine.
4. Stamp the leaves shown, five times using the Old Olive stamp pad, and cut the out with the Stamp & Emboss machine. Then cut out two of the Eucalyptus sprigs out of Mossy Meadow and then using a Paper Snips Scissors cut the sprigs apart so you have six of them.
5. Use a glue dot to attach each flower to the leaf pieces and pop up on Stampin' Dimensionals around the circle forming a wreath. Use picture for reference. Then add some Multipurpose Liquid Glue to the bottom of the Eucalyptus sprigs and stick them in around the wreath to fill in.
6. Add five of the Adhesive Backed Sparkle Gems randomly to the front of the card. Tie a double bow with the Linen Thread and attach it to the wreath with Multipurpose Liquid Glue.
