"The Southern Oregon Top 10 Emerging Leaders distinction is more than just an award—it's a prestigious recognition that opens doors to greater opportunities," said Sharre Whitson, Emerging Leaders Committee Representative "Honorees receive regional and national acknowledgment, including a formal gala, participation in a promotional campaign, and in the past recipients have received US Congress and State Senate letters of accommodation. Even being nominated for this distinguished honor is a testament to one's leadership, impact, and dedication to bettering our community."

The primary criteria used to select the finalists include:

- Live within Jackson or Josephine County, Oregon
- Evidence of a strong interest and commitment to making our community a better (and safer) place to live
- A current job that includes some level of leadership responsibilities or a student with high achievement

- 
- Indications that the applicant will be an enthusiastic learner and contributor within the peer group
 - Evidence of a strong work ethic
 - Professional maturity
 - High personal standards for performance
