Short description A proposal to hosting a Polkadot Decoded viewing Party in Mukono, Kampala, Uganda

1. Context of the proposal:

Polkadot Decoded is the biggest yearly conference focused on all things Polkadot hosted by the Web3 Foundation. It brings together the Polkadot community, web3 enthusiasts, Polkadot investors, and builders to hear about developments in the Polkadot ecosystem.

This will be the first hybrid event, with live conferences in Berlin, Buenos Aires, Hangzhou and New York.

2. The motivation for this proposal:

Polkadot Decoded is a community-focused worldwide event. The event will have live conferences in 4 cities but not every ambassador will be able to travel to attend the event in-person. This proposal aims to offer a viewing party in Mukono, Kampala, Uganda to gather the local community to experience the event all together. This proposal, if accepted, will offer our local community to connect in a more tangible and humane way for Polkadot Decoded 2022.

Am Rogers Kabatereine, based in Mukono Uganda, I joined the Polkadot community as an ambassador in 2019.

Am a Blockchain enthusiast and have hosted a couple of Blockchain related events in my region.
