VIP Bonus #1: White-Label License to Imgurai - AI Image Generator (Worth $997)

Imgurai is a script that uses Openai DALL·E 2 and Stable diffusion API to allow users or guests to generate unique and custom images using only a prompt and size as input. Powered by the latest advancements in artificial intelligence technology, the platform can quickly and efficiently generate high-quality images that are tailored to your specific prompt and size specifications.

The process of generating images on Imgurai is simple and straightforward. First, users input a prompt that describes the image they wish to generate. This prompt could be a word or a short phrase, such as "sunset" or "mountain landscape." Next, users input the desired size of the image and then start generating the images.
