You can use **ReviewXpo shortcodes** to show all the reviews about your products in any page you want and even customize the placement. Please follow these easy steps to display your all reviews using ReviewXpo shortcodes;

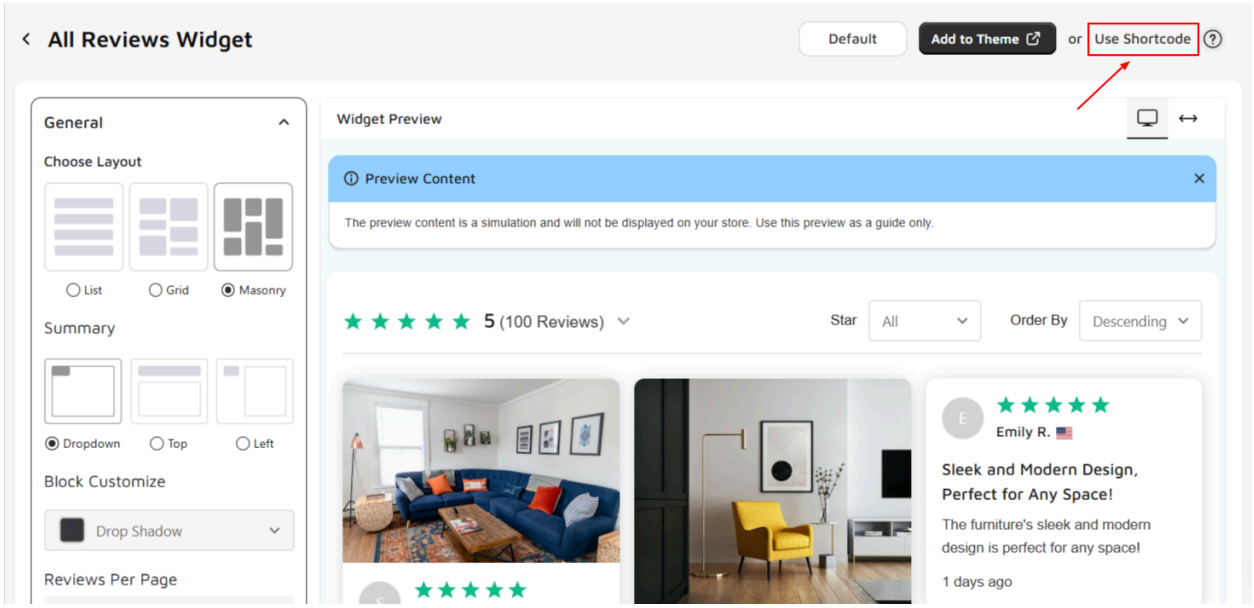

Step 1: From Shopify admin, open your **ReviewXpo** App "**Menu**" and click "**Widgets**".

Step 2: Select **Customize** from the '**All Reviews**' widget.

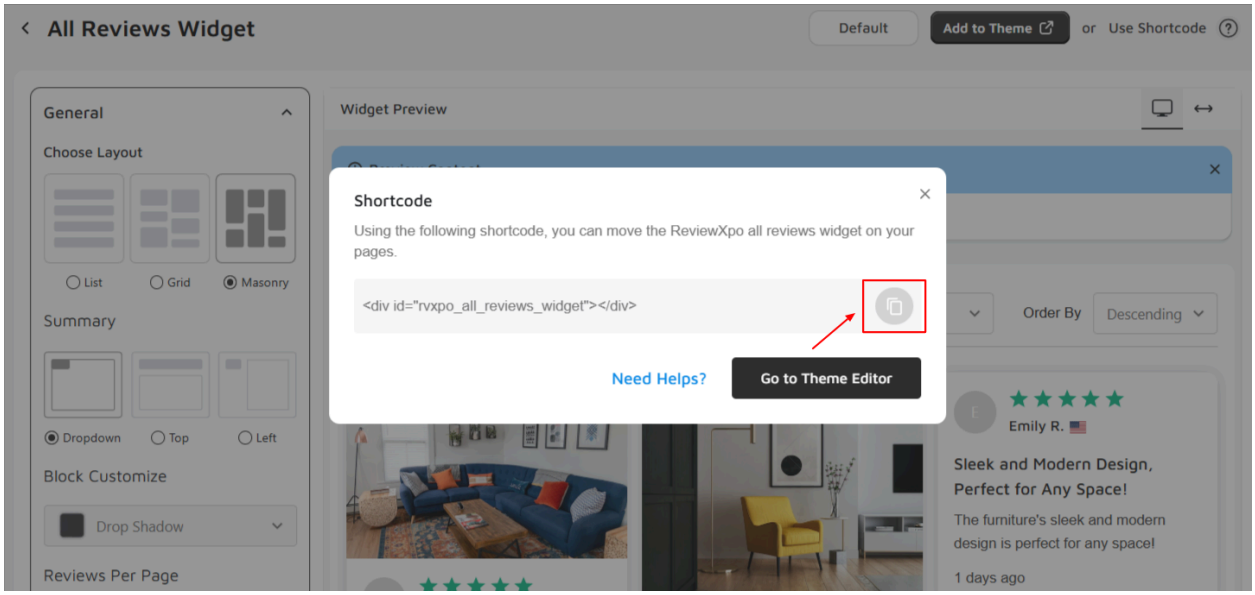

Step 3: Click on '**Use Shortcode**'.

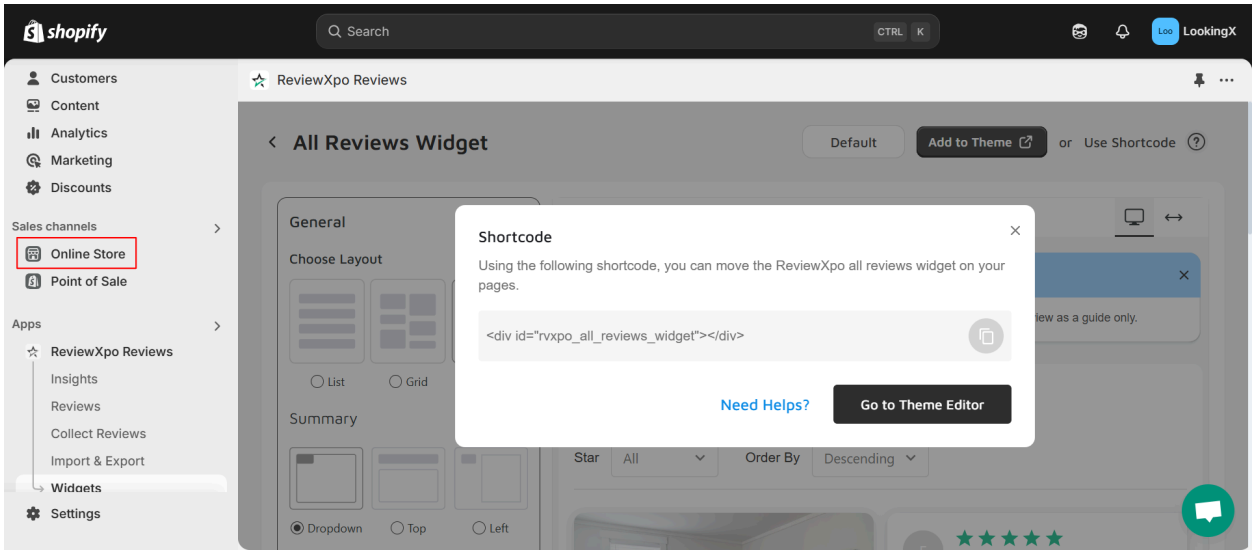

Step 4: Copy the **shortcode**.

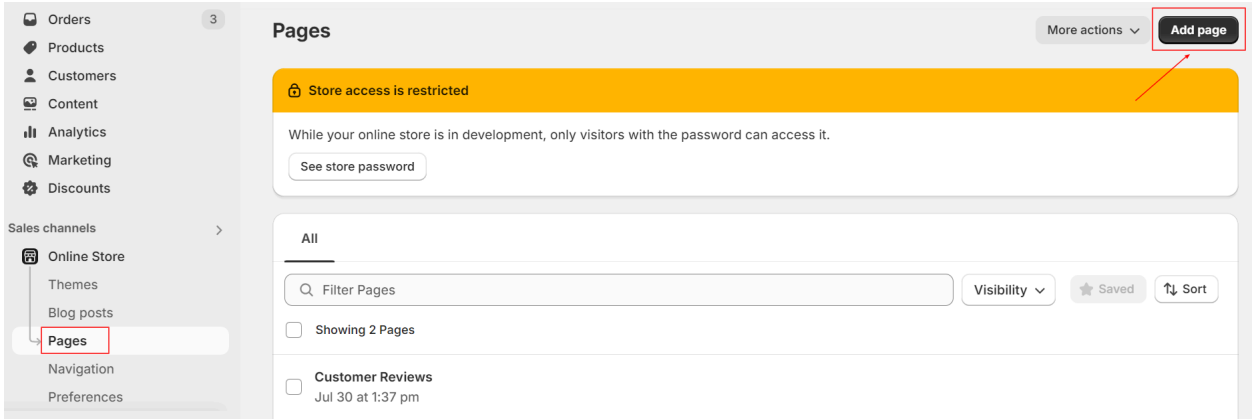

Shortcode: “ ”

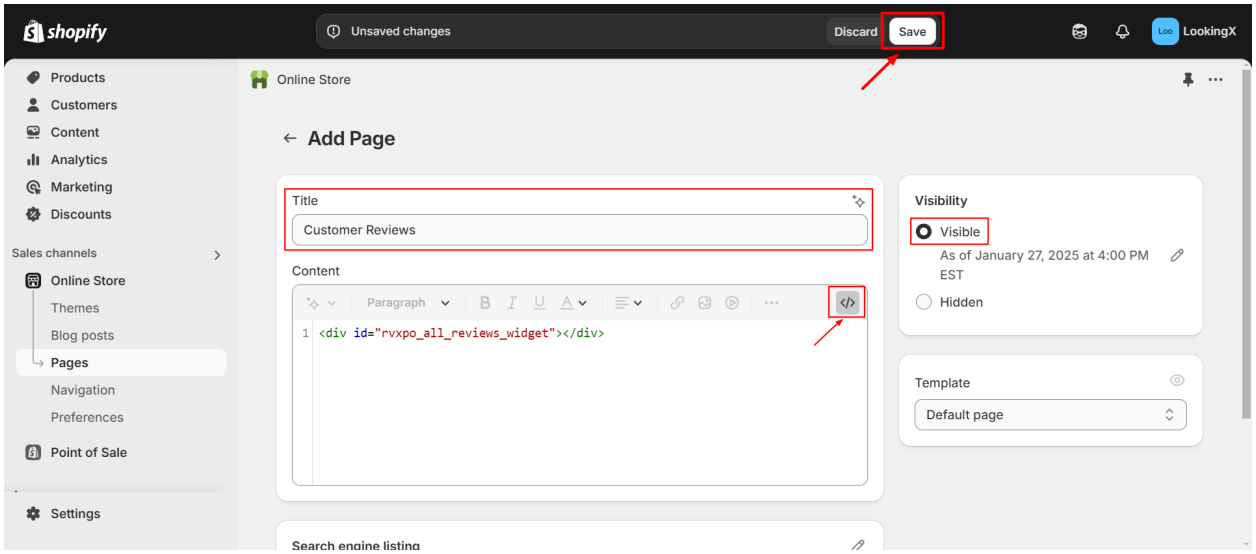

Step 5: Now, click on ‘**Online Store**’.

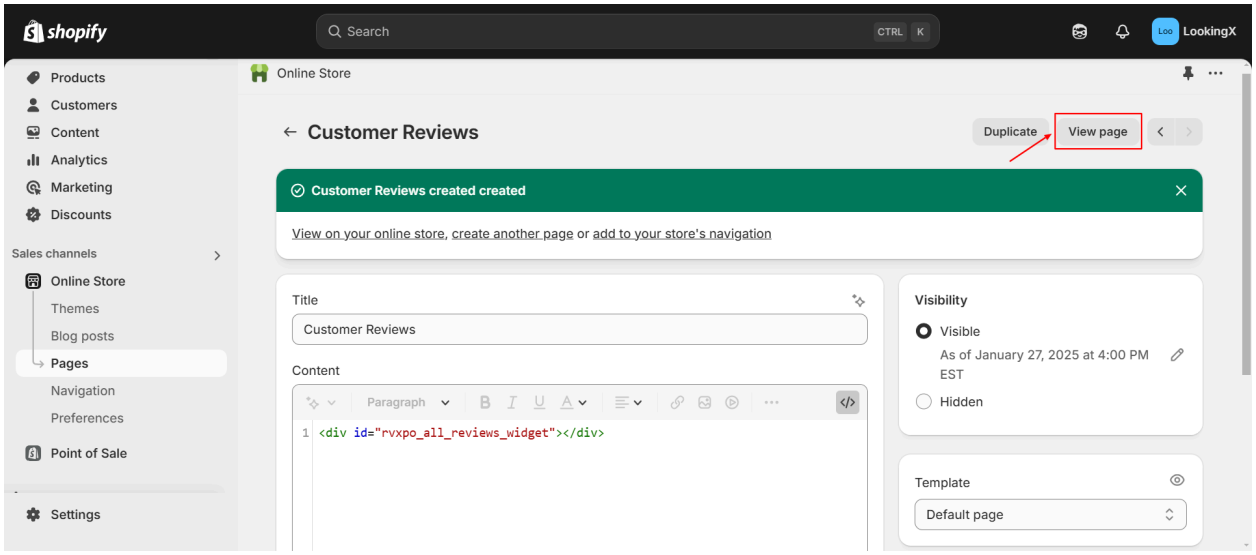

Step 6: Open “**Pages**” and click on “**Add page**”.

Step 7: Now, add a name in the ‘**Title**’ section click on ‘**Show HTML**’ and paste the shortcode. Make sure the ‘**Visibility**’ is set to ‘Visible’ and under ‘**Theme template**’, select ‘**Default page**’. Lastly, click ‘**Save**’.

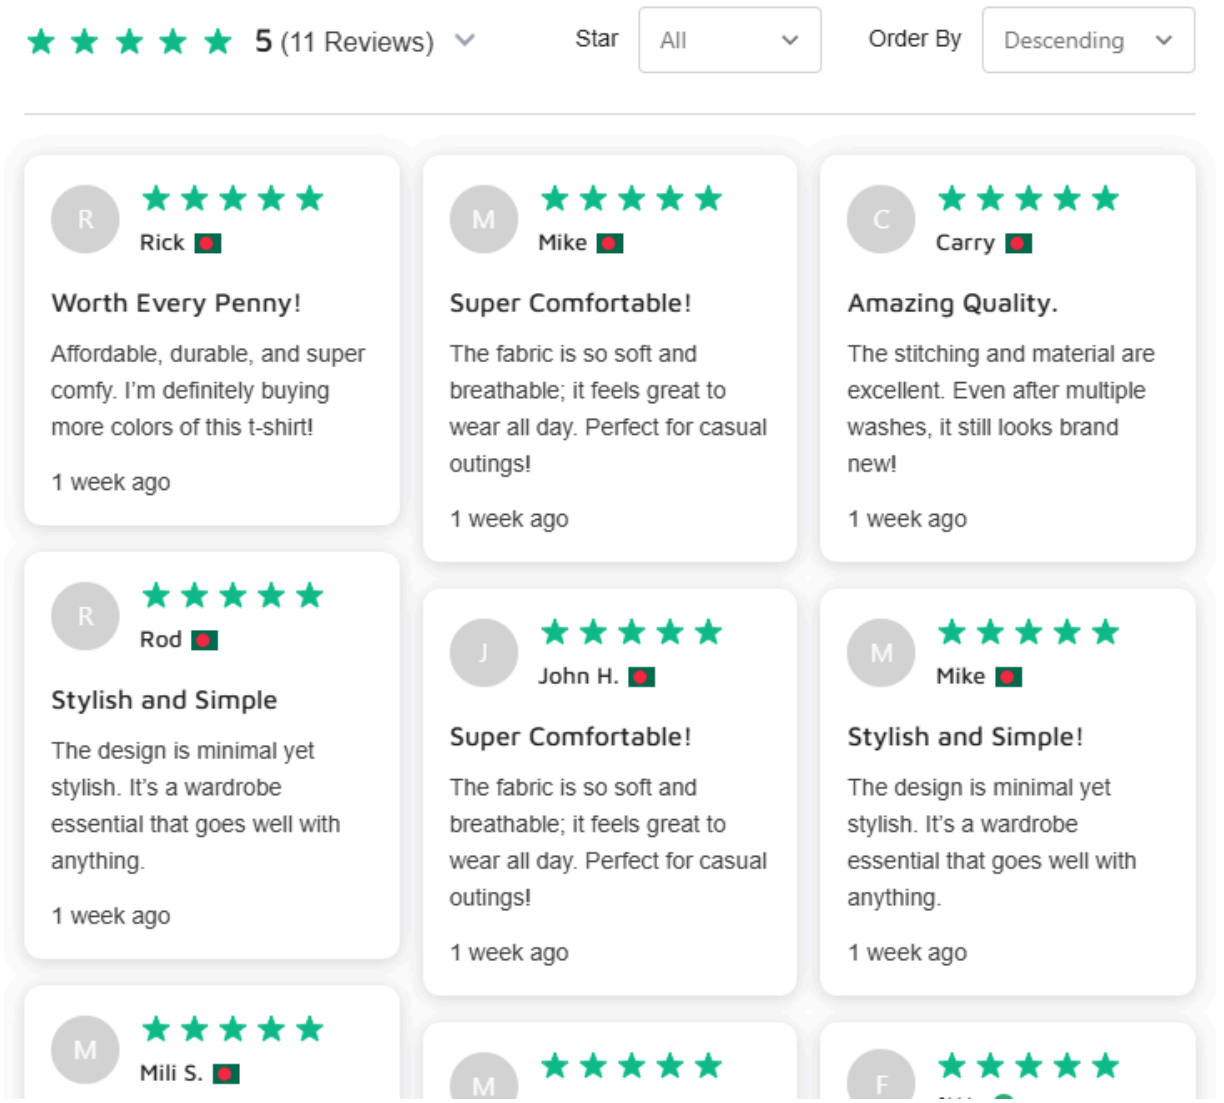

Step 8: Click on '**View page**' to go see the results.

Step 9: Now, you can see the page where all your reviews are displayed.
