

Me and my friends

My friends and I we do like to play
Whenever we can get out and away

When we see the bright sun shine
That's when we head out to play nine

If there be any doubt
Where we go when we're out

Find the local course where you're sure to see
The whole lot us waiting for the first tee

Yes, we like to play whenever we please
And though we do prefer a summer's breeze

We always take what she will give
For that is the way we'd rather live

With no one telling us what to do
Being ourselves through and through

When the days are long and the sun is high
We're so happy and finally feel alive

For we're in the finest place on this green earth
Playing the game of golf for all that we're worth

It's a game that has no equal of that we're certain
Though we may be surprised when he lowers the final curtain

But until then we'll be on the ready for our call to the tee
To play the most wonderful game that there ever will be!
