

CasinoEuro – Perfect Entertainment Hub for Online Gamers

Overview

Although there are many online casinos that are based in Europe, not many of them enjoy the reputation of **CasinoEuro**. This popular online casino has a grand collection of over 1,300 game titles.

At CasinoEuro you can enjoy all the top-rated casino games like Rainbow Riches, Gonzo's Quest, Starburst, Mega Moolah, Las Vegas Fever, and Mermaids Millions. Besides online slots, you have an exciting range of live casino and **instant** win games, poker, and table games. All the games hosted by the casino can be played directly and no downloads are needed. The gaming platform works on different devices, including **mobile** phones.

Safety is yet another feature that distinguishes a reputed casino from the rest of the lot. You wouldn't want to risk the safety of your bank cards for a handful of gambling games. So if you are looking forward to joining a highly secure gaming platform, **CasinoEuro casino** is your best option. Besides safe banking methods, the casino promotes fair gaming policies and user protection measures. Furthermore, it has a user-friendly interface that can be easily navigated and explored by a novice player.

The casino is generally popular for its Live Casino Lobby designed with a dazzling environment. Here you can watch the **best** dealers working their way through classic games like live Roulette and **VIP** Blackjack. You can not only view the dealers via live streaming but also freely interact with them.

More than 20 years, the casino has been offering world-class gaming experience. The quality standards maintained by the casino and its reputation have been attracting thousands of **players** to this elite gaming site.

Yet another amazing feature of this casino is that it offers news updates on the latest casino events. This includes news regarding game releases, innovative gaming applications, and online slots. In addition, the team keeps the players informed about all the special deals and **bonus** programs. You can check online for **CasinoEuro casino reviews** to get a glimpse of the ratings and goodwill earned by the site. The reputation enjoyed by the casino proves the exceptional quality of the user experience delivered by its authorities.

History

CasinoEuro was launched in the year 2002 and has been offering quality gaming services to its members. To date, the casino has entertained over 750,000 gamers with its thrilling series of slots, poker games, and live casino games. The company has secured its license from the British Gambling Community. The games hosted by the casino are powered by top gaming providers like NetEnt. Over the years, the internet casino has optimized its gaming site by offering a wide range of user-friendly features. These features are mainly aimed at enhancing the user experience. The casino also maintains a trendsetting customer support department that aims to provide the players with an unforgettable gaming time. All these advantages make it one of the highly-rated internet casinos as per **review** sites and online communities.

Daily Deals

At **CasinoEuro casino play online** you have many promotional offers to choose from. These offers are an attempt to ensure that every player gets something in return for playing the games featured by the site. If you join the casino you can enjoy attractive deals every day. This could be a set of Free Spins or a cash prize. You can check the daily deals by visiting the Promotions menu listed on the homepage of the site. On this page, you get to view the daily deals option. Click on the button "Read More" to view deal of the day. It could be a **CasinoEuro casino bonus** offer on any of the games or a cashback. To avail the deal you have to proceed further following the instructions given on the page.

Welcome Bonus

Every casino has a welcome bonus, and so does CasinoEuro. However, the bonus offer is quite simple and doesn't involve complicated **terms** and conditions. Neither does it involve multiple deposits. You get to enjoy a match bonus only on your first **deposit** and the maximum limit of the bonus amount is 150 Euros. Some of the terms applicable for receiving the bonus are listed below:

- For availing the bonus, you should register by following the instructions given on the registration page.
- Before paying the deposit you should select the option to claim the bonus offer.
- The minimum deposit of 15 Euro is required for availing the offer.
- The offer is valid only for the first deposit.
- If you are a new user, you should claim the offer within 14 days.
- There are restrictions associated with the nationality of the users. The offer cannot be availed by users residing in Poland, the Czech Republic, Finland, Norway, Sweden, Brazil, Japan, Israel, Argentina, UK, Turkey, Ukraine, Bulgaria, and Russia.
- Deposits or payments made via Neteller or Skrill are not eligible for the bonus offer.
- Only a single account per IP address or credit card number is valid for availing the offer.
- The bonus money you receive will be locked and you can only use it for wagering on casino games. Even the winnings received by wagering will be locked until the wagering requirements are fulfilled by the player.
- The bonus amount must be wagered at least 40 times and this has to be done within 5 days of receiving the bonus. For instance, if you get a bonus amount of 10 Euro, you should bet an amount of 400 Euros on various games and slots within 5 days.
- While wagering the bonus amount on various games you should check the wagering percentage contributed by the games. Some games like slots contribute 100% towards the wagering limits while others like roulette only contribute 10%.

This is an important factor that affects the wagering limits associated with your **CasinoEuro casino bonus**.

Weekend Surprise

At CasinoEuro you get to enjoy weekend offers. Every weekend a new offer would be announced. You can check the offer by visiting the Promotions page. The offer is eligible for those who deposit a minimum amount of 10 Euros or more. The deposit can be made on any day from Monday to Thursday. The surprise could be anything like a bonus, Free Spins or Super Spins. Before claiming the offer, you need to check the terms and conditions associated with the offer and how to redeem it fruitfully.

Daily Jackpot

There is a daily **jackpot** offer for the users who play games from the Jackpot Lobby. The jackpot would surely fall before midnight, so you have a chance to win anytime during the day. The offer is applicable to Red Tiger games. Once again, you should refer to the terms and conditions in detail before pitching in for the offer. Since the offer gives lots of winning opportunity it is quite popular among the users. For this reason, most of the gambling forums and social **network** sites highlight the jackpot offers while reviewing the site.

Recommended Games

At **CasinoEuro online casino** you get to access a recommended segment of games. This includes top games from different categories like Live Casino, **online** slots, and video poker. Slots

At **CasinoEuro casino play online** you get to browse through a vast collection of slot games. When you open the Slots page you have different menus that classify the slots into New Games, Exclusive Games, and Jackpots. You can view the entire collection of slots from the menu "All Games". You can sort the games by using the Filters provided on the top right corner of the site. There is a drop-down arrow that opens the multiple options for filtering the games you are looking for. Here, you get to choose game providers like GTS, NetEnt, Leander, iSoftBet, IGT, Nyx, Quickfire, Red Tiger, Thunderkick, Scientific Games, Play'N Go, and Yggdrasil. There are checkboxes to **make** selections. This is a great way to differentiate games based on their developers. You have another option to sort by Popularity or Name. This option is available not only for the slots, but also for Jackpots, Live casino games, and Table games. When you choose the option for sorting by Popularity you get to see the most-played games on the top.

You can play all the games for free. The trial version doesn't require the user to register or log in. This is a popular feature that attracts more players to this amazing internet casino. You have to simply click on the title of the game to begin the trial version. It would take a while for the game to load and some of them require higher versions of Adobe Flash Player. The trial offer may vary in terms of duration and levels. Certain game features and advanced levels require the player to bet **real money**.

If you are looking for a particular title or online slot you can easily find it by using the search option. You also have an option to view the entire list of games arranged in alphabetical order. The option is displayed on the menu bar as "A-Z". This is a great way to browse through the entire list of casino games hosted by the site at one go.

- **Red Tiger Games**

The site has a daily jackpot option that features a list of Red Tiger games. The section provides a list of 38 games (the numbers may vary when new games are added) that can offer you a chance to win jackpots daily. There are many more slots on this list and you can add the ones you are interested in your favorites. You can do this by clicking on the small heart-shaped sign on the top corner of the game titles. However, you need to sign up for adding games to your list of favorites.

Deposits and Withdrawals

You can deposit money in a few simple steps by logging into your account. After selecting the option, "Deposit" you need to select the mode of **payment**. The site allows multiple payment **methods** like VISA cards, Paysafecard, Neteller, MasterCard, Skrill, Entropay, DSS, PCI, and 18+. Players must make payments using their highly-rated accounts that are registered in their own names.

For withdrawing your winnings, you need to issue a notice requesting the withdrawal of funds. The maximum **withdrawal** limit is 100,000 Euros within a 24-hour time frame. For withdrawals above 2000 Euros, the casino may conduct a verification process. For instance, if you request for transferring a big amount to your **credit card**, you may be asked to furnish a scanned copy of the card by partially concealing the card number and fully concealing the CVV number. The verification process may not be the same for all

the players. They may not **accept** your withdrawal request if there is any discrepancy in the verification process.

Method	Type	Minimum Withdrawal	Maximum Withdrawal
Bank Transfer	Withdrawal	€10	€100,000
Visa	Withdrawal	€20	€2,100
Trustly	Withdrawal	€10	€100,000
Neteller	Withdrawal	€20	€45,000
Skrill	Withdrawal	€20	€10,000

For withdrawing money, you should use the same account that was used for depositing the funds. And if multiple payment methods were used for depositing funds, the casino would split the amount proportionately between the respective accounts used by the player.
