

1. Go to [Google Docs](#). Google Docs lets you write Word documents through an online web service.
 2. Start writing.
 3. Publish the Word document.
 4. What's the URL of your document.
 5. Add the Google Docs to your personal portal. At the portal page, you should be able to see the active documents.
 6. Save your document as .doc and .pdf, the two common formats for documents.
