

Libertas Academy Families,

Per South Carolina law, **students may not use any electronic devices** at all during the school day but also to include during statewide testing. This includes (but is not limited to):

- Cell phones or smartphones
- Smartwatches
- Cameras
- PDAs
- Any device that can view, access, store, or share information

The **only exception** is for students with documented medical needs (e.g., glucose or cardiac monitoring).

What this means for testing:

- Libertas Academy will collect and securely store all prohibited devices during testing days.
- Having an unauthorized device during testing is a **serious violation**. It may result in disciplinary action and could cause the student's test to be invalidated.

Thank you for your cooperation in ensuring a smooth, secure testing environment for all students.

Sincerely,
Celina Patton
School Director
