

Promotion Video - Leader Activity 3

Create a 1 minute PCTV Roll-in to Promote FBLA. The easiest way to complete the task is to develop a Google Slideshow highlighting key areas of FBLA. Mr. Verhulst will show you how to save your Google Slides as JPEG images. Those images can be uploaded to iMovie, where you can then record a Voice-over for your video. Once you have completed your video, upload it to your BAA Leader page, as well as provide a link below for Mr. V to view your project. You can complete this project by yourself or one other person.
