

Name: _____

Date: _____

3_113B SNC 1D Rubric for Physical and Chemical Properties Lab _____

NAME: _____

	LEVEL 1	LEVEL 2	LEVEL3	LEVEL 4
Knowledge - Conclusion Questions	-student shows little understanding of the difference between physical and chemical properties	-student shows some understanding of the difference between physical and chemical properties	-student shows a good understanding of the difference between physical and chemical properties	-student shows a thorough understanding of the difference between physical and chemical properties
KNOWLEDGE MARK				
Inquiry use of tools, equipment, and materials <i>during lab</i> SIS (Performing and recording, Analysing and interpreting)	Uses equipment, and materials safely only with supervision. (Minimal participation or multiple reminders required)	Uses equipment and materials safely properly with supervision. (Requires reminding about safe procedures)	Uses equipment, and materials safely and correctly. (Aids groups in performing lab and clean up)	Promotes the safe and correct use of equipment, and materials. (Leads others in safe and effective lab conduct)
SIS MARK				
Inquiry Table - correct conclusions	- some observations completed -identified 0-1 substances correctly	- observations completed with detail -identified 2-3 substances correctly	- correct observations have some detail - identified 4-5 substances correctly	-all observations are detailed and use appropriate terminology -student identified all 6 unknown substances correctly
INQUIRY MARK
