

# INTRODUCTION

Wundoroo Academy Inc. was originally established in 2010 as Learn In Care Child Centre, and was incorporated in 2012 under the name Wonderville Child Centre Inc. It now operates proudly as Wundoroo Academy Inc.

Our centers are dedicated to providing high-quality care that reflects the diverse needs of children, families, and the community. We foster a supportive, safe, and secure environment, maintained by confident, qualified, and professional staff.

Programs at Wundoroo Academy are thoughtfully designed to support the individual development of each child, while building strong, collaborative relationships with families. We welcome parent participation and encourage families to take an active role in their child's early learning journey.

We uphold an Open-Door Communication Policy for all registered families, promoting transparency and mutual respect. Staff, parents, the Program Coordinator, and the Manager work together to ensure each child receives the highest standard of care and that our program goals are successfully achieved.
