

## The American School of Kinshasa TASOK TALK – SPECIAL JUNE FAREWELL EDITION 2024

### In This Edition:

- \*Message from the Director - Farewell!!
- \*Celebrating our Departing Faculty
- \*The 2023/24 Yearbooks Are Here

**Ba béni or Ndaku mokolo, so long, farewell, auf wiedersehen, adieu, and Bokeyi elamu to all our faculty who are leaving TASOK this year!**

International school teachers have wonderful opportunities to share their gifts in a wide variety of places and spaces. However, this does mean that we often have to say goodbye to great teachers moving on to new adventures!

During their time at TASOK these departing teachers and faculty have taught across grades, supported students and shared their passions through ASAs, Athletics and events. We would like to thank these teachers, coordinators, and administrators for all their dedication to our students at TASOK, significantly adding to the school programs and community.

As is similar to many American schools around the world, TASOK has a very transient population of students and teachers. While this time of year can be difficult saying 'goodbye', it is also an opportunity to celebrate relationships and connections that will last a lifetime.

This special edition includes information about our departing TASOK Faculty, their next adventures, and contributions during their time at TASOK. We wish them well on their next journey and know that in our international world it's less farewell and more until we meet again, we wish you all the best.

Yours in Education,

Dan Mullen - TASOK Director

**Our Mission for Excellence:** *The American School of Kinshasa provides dynamic and individualized educational challenges and opportunities that promote diversity and empower each of its students to develop into independent global community leaders.*
