### Personal Information

As a free tool app, we guarantee that we DO NOT collect, store or use any personal information while you visit, download or upgrade our products.

We may use personal information submitted by you only for the following purposes: help us develop, deliver, and improve our products and services and supply higher quality service; manage online surveys and other activities you've participated in.

### Non-Personal Information

We may access information about the services that you use and how you use them. Such as when you view and interact with our content, we will obtain the mobile network information, but we do never collect your wifi name or password and we will not share that information with third parties.

### Contact Us

If you have any questions or concerns regarding this Privacy Policy, please send us an email at [zohalapps@gmail.com](mailto:zohalapps@gmail.com)

### Changes to this Privacy Policy

We may amend this Privacy Policy from time to time. Use of information we collect is subject to the Privacy Policy in effect at the time such information is collected.

### Use And Disclosure Of Information

In general, we will not use or disclose personal information about you otherwise than for the purpose of providing or offering goods and services to you, for any other purpose that you may reasonably expect, for any other purpose authorized by law, or for any other purposes disclosed to or authorized by you.

This may include disclosures to organizations that provide us with professional advice, such as solicitors, accountants and business advisors.

We do not disclose your images, which you have uploaded for editing and manipulation to any of the Services unless you provide explicit consent to show your images at our Site, Mobile and other Services, or at third party services.

### How we protect your information

Although we take reasonable measures to protect your information, no app, website, Internet transmission, computer system or wireless connection is completely secure.

**We are making applications by obeying under laws and understandings of Google Developer Console.**
