

This is a listing of all NSAC exhibition catalogs currently held in the Raymond Fogelman Library Archives. (Not all of the exhibits or artists listed here are necessarily represented in NS 13). Though obtained from a different collection, this listing is supplemental to the NSAC collection in that it acts as a cross-reference for researchers interested in learning which artists exhibited at New School University from 1961-1975. The exhibits are listed with the artists who participated sub-listed- alphabetically.
