EXPERIENCE

Full Stack Web Developer

2019 - Present

MakeMine, Inc, Charlotte, NC

Working on the development of a customer facing platform and proprietary ERP system.

- Focusing on implementing new features, maintaining existing codebases, and improving business operations through software.
- Heroku hosted application built with Vue.js, Node.js, and GraphQL.

Shipping | Printing | Operation Assistant

2017 – 2019

Evermine – The Williamson Group, Inc, Portland, OR

Operated Konica Minolta production press and assembled customer orders. Assisted the Plant Manager in assuring high-quality products delivered in a timely fashion.

- Contributed in the implementation of a new printing system, increasing the efficiency of production.
- Effectively collaborated with a team to create success during peak seasons of production.
- Achieved full-time promotion in May 2018.

Graphic Design Intern

2017

Sustainable Carolina – The University of South Carolina, Columbia, SC

Worked with supervisors on design projects for the school's sustainability-focused organization.

- Produced and animated an informational video describing the organization's 2016-2017 school year.
- Designed logo for use on T-shirts and various media outlets.

EDUCATION

Web Development | Coding Certificate: University of North Carolina at Charlotte | Charlotte, NC

12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, jQuery, Bootstrap, Firebase, Node.js, MySQL, MongoDB, Express, Handlebars.js & React.js.

Bachelor of Arts: University of South Carolina | Columbia, SC

Double major in English and Media Arts, with a minor in Business Administration

- Dean's List: Fall 2015, Spring 2016, Fall 2016

PROJECTS

Pop Media | github.com/caleblmyers/pop-media | pop-media.herokuapp.com

Browse popular media, discover something new, and keep track of your favorites.

- Built with a SERN stack (SQL, Express, React.js, and Node.js)
