

Drivers: If you're driving to the Great Gathering or renting a car when you arrive, perhaps you have room in your vehicle for a passenger or several? If you're willing to bring others with you, please list your car on our carpool site!?

<https://www.groupcarpool.com/t/drsonu>

List for "arriving" either AVL airport or Greenville/Spartanburg, Charlotte,... and Lake Junaluska (returning) as the "city" so it will show your place of departure. You can leave Address and State blank. If you can take passengers both ways, please do two listings. Be sure to include how many passengers you're able to fit (with luggage). You can log in any passengers you're already planning to bring, and you can go back and edit any time. You'll be alerted when riders join your car and their contact information will be listed so you can stay in touch as needed.

Riders: *(tentative— these times may change!)* The Great Gathering shuttle will be running on Sunday, 11/9 from GSP around 3:30pm (flight arrivals by 2:30); and AVL to Lake Junaluska around 4:30 pm (flight arrivals by 3:30). Shuttles will leave for the airport Thursday 11/13 in time for departing flights at 11 am (AVL), or 11:30 (GSP).

If you're arriving or departing outside the times that will work with the shuttle, there may just be someone else in the same boat. Click the carpool link above and see if there are any cars going where and when you're going. If it's close but not exact, contact the Driver to see if they're willing to accommodate you. If there's not a car going your way yet, join the Waitlist. Remember to check back as new information will probably be added up until travel day.

Thanks for your help in reducing the number of cars & trips needed for our Gathering. Live green!
