

Questions over Ukraine

1. Do you think America should send troops to Ukraine? Why or why not?
2. What about a no-fly zone over Ukraine? Should the US impose one, or do you think it'll make it worse?
3. Do you think sanctions are enough? Do you worry they will just make the relationship between Putin and China stronger?
4. Should the US directly provide
5. Due to globalization, many countries are dependent on Russia or Ukraine for oil or wheat. That includes many European countries. How can countries balance their need for energy and food with the fact of what supporting Russia means?
6. Was the US right to stop importing Russian gas, even if it means gas goes up to five dollars a gallon? What about six dollars a gallon?

Questions over Ukraine

7. Do you think America should send troops to Ukraine? Why or why not?
8. What about a no-fly zone over Ukraine? Should the US impose one, or do you think it'll make it worse?
9. Do you think sanctions are enough? Do you worry they will just make the relationship between Putin and China stronger?
10. Should the US directly provide
