** Time for "Communication from the Public" on the School Board agenda is to allow patrons of the district to communicate with the entire board. There will be a sign up sheet at the door for visitors to fill out if they would like the opportunity to address the Board regarding a particular agenda item. In general, no more than twenty (20) minutes in total will be allowed for public comment at a School Board meeting. Should additional time be needed, a motion to extend the discussion time may be made by any board member. We will allow no more than 3 minutes for individuals, slightly more for organized groups. We will not, however, allow criticism of individual employees of the district that would be detrimental to the reputation of that employee. Those comments must be directed to the board through a grievance procedure, a copy of which may be obtained at the superintendent's office. Regulations for public participation on PCSD school board meetings can be found online at:
