

Privacy Policy

Thank you for using our text analyzer app. We respect your privacy and are committed to protecting your personal information. This privacy policy explains how we collect, use, and disclose information about you when you use our app.

Information We Collect:

When you use our app, we may collect the following information:

1. Device Information: We may collect information about the device you are using to access our app, including the type of device, operating system, and mobile network information.
2. In the event of the subscription, we collect the purchase details for revenue analytics purposes.

How We Use Information:

We may use the information we collect for the following purposes:

1. To provide you with the services and features of our app.
2. To improve our app and develop new features.
3. To comply with legal obligations or to protect our legal rights.
4. To prevent the abuse of our API services.

Information We DO NOT Collect:

When you use our app, we do not collect the following information:

1. Personal Information: We do not ask, collect, or store user's personal information.
2. Analyzed Text: We do not store analyzed text in our servers. Analyzed text is saved locally on the user's device.
3. Scanned Images: The app uses Google's Text Recognition MLKit to scan images for text detection. We do not store scanned images nor store it in the user's device.

If you have any questions or concerns about this privacy policy or our data practices, please contact us at graspery@gmail.com.
