

# Ms. Lehrmann's Virtual Instruction Day

## **AP Art Choice Board**

**I can** investigate, practice, experiment, or revise and document my thinking and discoveries in order to improve my sustained investigation.

**I know I've got it when** I have completed the activity of my choice from the following options:

<p>Option A - Investigating</p> <ol style="list-style-type: none"><li>1. Research and plan where your Sustained Investigation is taking you next!</li><li>2. Take notes about your findings and your thinking-- make it visible so that a College Board reader can see what you are investigating</li><li>3. Document what you accomplish and add it to your Artifacts Page where it best fits</li><li>4. Fill out <a href="#">this Google Form</a> to turn in your work by telling Ms. Lehrmann what option you chose</li></ol>	<p>Option B - Practicing</p> <ol style="list-style-type: none"><li>1.
