

School-Based Counseling & Case Management @ GMS

School Based Counseling services at Garfield are provided by [David Brand from Cincinnati Children's Hospital](#). Please contact the grade level school counselor for more information.

School Based Case Management services at Garfield are provided by [Sheryl Ripley, MS/QMHS from New Path Child & Family Solutions](#). Case management services will be provided during the school day here at Garfield. Please contact your child's grade level school counselor for questions and/or referrals.

What is Case Management?

School based case management can help your child build skills to cope with their emotions, navigate the challenges of school and give them tools they can use the rest of their lives.

[Case Management](#) is a supportive service designed to address an individual's behavioral health needs and reach therapeutic goals where they occur – at home, school, convenient locations in the community, and via TeleHealth. We work alongside families and community partners to provide the best care for your child & family; each family receives a comprehensive plan coordinated with other community resources to achieve their personal goals.

Check out [Sheryl Ripley's bio and learn more about the services she can provide](#).
