

NYU Students and Workers Support Our Graduate Students!

GSOC is the NYU Graduate Student Union associated with the United Auto Workers. They are currently organizing to win a fair contract from the school. A fair contract is one that would protect immigrant students, keep students safe by removing police from campus, and better protect and pay Graduate Workers. The NYU Administration has repeatedly rejected their demands, including refusing to even hold a conversation on demands pertaining to immigrant students and protection from police. They will be better poised to win these demands if they receive a critical mass of support from other members of the institution. This is where you come in. This NYU YDSA Pledge is a commitment of your support for them and their demands. You can read more about their demands here: <https://bit.ly/GSOCDemands>
