- Completed (Rate: 10/10 I LOVE THIS STORY!! BEDEMPTION & Ben with friendships, AND reylo fluff. There is Ben, Poe, Finn, and Rey dynamic, so it's quite hilarious. Contains all the classic troupes AND on top of having reylo, also has stormpilot. So read!!)

Rey's first day of law school isn't going quite the way she thought. Her professor has purple hair, her hand is cramping from writing so fast, and she's been paired up with the most sullen, overdramatic jerk of a person that she's ever met. He's rude, insulting, pretentious, and she may or may not have slapped him by the end of the day. Either way, Kylo Ren is the worst person in the galaxy, and she cannot stand him. How on earth is she supposed to work with him for an entire year?

- Completed (Rate 10/10 classic reylo fic, grumpy Ben, but soft for Rey, enemies to lovers crap.)

11. Epithumia:

<https://archiveofourown.org/works/8081395/chapters/18517765>

"No extra credit." He made a noise that might have been a laugh. "You ask that every time."

"Well, I have to try," Rey said, weakly. "Can you make an exception?"

A lone eyebrow ascended his lofty forehead into his hairline. "Try harder, Miss Kenobi."

- Completed 18+ ! (Rate: 9/10 steamy, lots of smut. I like a teacher and professor's story... so if that's not your jam, this may not be for you. But hey if you're into that, definitely read.)

- Unfinished (Rate: 9/10 wish they would finish this story:(It's superhero Ben and my heart..)

14. We Could Plant A House We Could Build A Tree:

<https://archiveofourown.org/works/13319496/chapters/30484254>

15. A Proposal by Any Other

Name:<https://archiveofourown.org/works/7226128/chapters/16401940>

Rey and Finn have been A Thing for a long time now. Since she was eighteen, to be exact. When Finn leaves on a trip to Europe for six months for work, Rey finally chases after him to Dublin to do what he seems to be putting off: propose.

She wants a family, after all.

The universe has different ideas. Her flights are delayed, storms hit, she loses her tickets and everything seems to be going horribly. To top it off, she ends up stranded around a rather irritating man by the name of Kylo Ren. It goes about as well as you'd expect.

- Completed! (Rate: 100/10 I love this fic so much. I read it so long ago, but I still think about it all the time. I'm honestly gonna read it again and make an edit to BAHA. but do yourself a favor and read. It's funny, angsty, sad, happy, and all things in between.)

-

Having never had a family of her own, Rey sees Han as the father figure she always longed for. So when the disgraced Prince returns to court to make amends with his aging King, how will he take to the girl who is now effectively his stepmother?

- Completed! (Rate: 10/10 this fic is literally amazing. It's the medieval reylo au yall have been wanting and asking for every time I make an AU. It's slowburn, beautifully written. I promise it will not disappoint. It is quite sad, but it's such an amazing story.)

18. Play to Win:

<https://archiveofourown.org/works/13535535/chapters/31053336>

Ben Solo – aka KyloRen – is a professional gamer, playing the first-person-shooter StarKiller for the internationally ranked eSports team, The First Order. That is, until a mysterious player named ReyOfLight begins thoroughly trouncing him whenever they cross paths.

- THIS FIC IS CURRENTLY TAKEN OFF A03, BUT I WILL BE TRYING TO GET A PDF COPY. Stay tuned.
- Completed! (Rate: 1000/10 THIS FIC IS BACK. For awhile the author had deactivated this fic, but now it's back. It is in my top 3 fav Reylo fics of ALL TIME. It's so good. I don't even know how to explain how much I love it,, just do yourself a favor and read it. My ultimate goal is to make an au edit of this fic, but I need more modern day of Daisy before that's gonna happen.. JUST PLZ READ!!!!)

19. One Above All:

<https://archiveofourown.org/works/20383642/chapters/48345052>

Rey didn't expect her arranged union to Emperor Snoke to be happy, considering her parents sold her hand in marriage for a decent sum of gold, but she didn't expect it to end this soon, either. Married to a tyrant, Rey isn't surprised when the people of his empire come to see his blood spilled. But she is

surprised when Kylo Ren, named 'king killer', becomes emperor and decides to not only keep her alive, but take her as his own empress.

- Unfinished! Updated regularly (Rate: 10/10 OMG amazing medieval AU. Fucking slow burn as hell. So well written though and angsty. Updates regularly.. It's seriously so cool. Plz read and talk to me about it lol)

20. Disconnect:

https://archiveofourown.org/chapters/27465372?show_comments=true&view_adult=true#comments

Rey was an unpopular YouTuber for years before her channel skyrocketed. Kylo was a YouTuber with millions of subscribers who couldn't keep his mouth shut. After a misunderstanding, both parties became part of a famous rivalry known throughout the internet. Neither had seemed too keen on resolving it, but after five years, people started to notice a change between the two.

- Completed! (Rate: 9/10 Good storyline, interesting read. Rey and Ben's lack of communication drives me nuts, but the enemies to lovers in this is *chefs kiss*, angsty, and lots of sexual tension,,, also pretty funny. N E Ways just read it lol..may do an au edit..)

21. Getting Personal:

<https://archiveofourown.org/works/15121412/chapters/35061173>

"Hmmm." Hux frowned at her. "Your references seem in order, I suppose. What would you say are important traits in who you'd be assisting?" Rey smiled brightly at him. "Well, I'd be happy to assist whoever needs it, but my ideal boss would be someone who's warm, kind, friendly, and really great at communicating what they need." A malicious grin grew on Hux's face. "Oh, I think I know *exactly* the right place for you." Or, Kylo keeps scaring away personal assistants until Hux hires one that isn't afraid of him. Not only is Rey not scared of him, she is ruthlessly efficient, refuses to put up with his nonsense, and disconcertingly pretty. And also seems to genuinely want to help him, which clearly means she's up to something. Right?

- Completed! (Rate: 9.5/10 Stubborn perfectionist Rey, which is honestly my favorite portrayal of Rey. Many fics, especially modern day portray her as messy and she doesn't have her shit together, but I think Rey fits the bill of being a perfectionist and hard-working, so I really like it. Soft,,, and i think smut?? It's been awhile since I've read this, but I'm re-reading it rn!)

22. And so the World Faded

<https://archiveofourown.org/works/21086576/chapters/50168984>

Rey and Ben are actors in a well-loved tv show, and after seasons of sexual tension between their characters, the time has come for them to film their first sex scene. When that time arises, though one of them has done this a few times before and knows the ropes, but, the other has never filmed a scene like this before. In fact, Rey's never even had sex in the first place. Luckily she and Ben trust each other offscreen as much as they do on.

- Completed!, but will more than likely be finished soon. (Rate:100/10 holy shit. If you liked Score, then freaking read this. Kind of mad at Liah for getting me addicted to this shit before it was finished. Stayed up until 2 am reading this.. Not a good idea. But anyways it's the same author as Score and has a similar troupe. Just read this, very sexual fyi. Definitely about to AU the shit out of this soon.)

23. Head Over Feet

<https://mega.nz/#!A8w0jQ6ZlwUxytmh9PQsQoRbEFun1J3pdtZwLC-SXbd21jX-PIIA>

because of how low she has to pitch her voice to talk to him. "Or do you maybe want to fake-break up?" Ben doesn't answer for a second. Then, just as Doctor Phasma takes the mic to thank the speaker and ask the audience if anyone has questions, Rey hears him say, "No. No, I don't want to fake-break up." They're not dating for real. Right?

- Completed! (Rate:100/10 one of my all time favorite fics. It is currently taken off of AO3, but here's the megalink. I recommend saving it as a PDF and opening it up in IBOOKS. Hope you enjoy it!)

24. The Heartbreak Prince

<https://archiveofourown.org/works/21796579/chapters/52011994>

If you can't access this on AO3 here is the PDF

https://mega.nz/file/c5wxDLIS#L_TxMUXy0zB-3QBpsGi11tkmrgxVgOUJgnBsVaPjZBg

Rey notices him the moment she walks into the Great Hall with the rest of the seventh years. In her defense, he's hard to miss.

- COMPLETED (Rate:10330/10 not finished but updated regularly. Holy fuck I finally joined the hype on this fic and its SOO GOOD. If you like Harry Potter and you like reylo,,, just read,, also did I mention it's also a teacher/student troupe...yeah read it. Even if you're not a HP fan it's not hard to follow! Beautifully written!) 18+ lots of smut

25. Love Sick

<https://archiveofourown.org/works/22405813/chapters/53530657>

Rey travels back to when Ben is 19 and training with Luke. This, this is what, who he's been waiting for. Which is especially odd since he wants to be a Jedi Master, and Luke has never been seen with anyone. Is it even allowed? He'd never thought it would matter much to him.

- Completed! (Rate: 8.5/10 This fic is very sweet, feels good after TROS. You get 19 year old Ben and 20 year old Rey. Definitely interesting. Long and updated regularly. Give it a read.)

26. This Mess is Mine

<https://archiveofourown.org/works/23166835/chapters/55449262>

Friends-With-Benefits Rey and Ben isolate together during the quarantine, and mess around to combat boredom. It's not supposed to mean anything. They want to avoid complicating their relationship at all costs. Problems ensue when their birth control plans go awry and Rey falls pregnant. Based on a #ReyloPrompt.

- COMPLETED (Rate: 1000/10 holy shit. I love this shit. God Bless lz (Reyloscum) for getting me addicted to this fanfic. It is so good. SO cute. Amazing. I love rey and ben as best friends and I

love babies so it's just great. I will definitely be editing this once it's finished :) I give this fic my HIGHEST praise.) 18+ This is my comfort fic.

27. Landscape with a blur of Conquerors

<https://archiveofourown.org/works/11442951/chapters/25645101>

"That might have been the case back when you were a scavenger on that pitiful scrap heap of a planet, but now?" His sardonic gaze flickered over her silk robes and the jewels woven through her elaborate braids. "Now you are the Chume'da, and the Chume'da belongs to her people. Their fate is entirely in your hands. Should you cross the line, it is they who will suffer for it. Am I making myself clear?"

"I hate you," she said bitterly.

He sneered at her. "See? Already you are acclimatizing so well to married life."

- Completed! (Rate: 100/10 wow. This is the same author as The Heartbreak Prince and she does not fail to amaze me. This fic is the star wars universe, it's 70 chapters long! This fic started pre-TLJ, so the author basically made a sequel to tfa. It's amazing. She uses a ton of sw facts and aspects from legends and the EU. She characterizes kylo so well. It's angsty, enemies to lovers excellence, steamy also. The writing is just absolutely beautiful and I'm in love. Is a little slow at first, but KEEP READING. It's only slow because the author explains everything so well. She gives Rey a strong and important lineage and culture, but it has NOTHING to do with her strength in the force so it's brilliant. After it sets the scene it gets SOOO GOOD. I've been staying up until 4 am reading it everyday for the last week. I will be making an edit inspired by this one so please read it.)

28. The Bride

<https://archiveofourown.org/works/22460983/chapters/53669302>

Rey Johnson never expected to have any sort of career in reality TV, much less become the next Bride. She only competed on The Groom in the first place because she'd been too drunk one night to resist filling out an application. Somehow, Rey captured the hearts of viewers all across America, and now she's starring in the next season of The Bride. Suddenly, Rey finds herself surrounded by thirty eligible bachelors from every corner of the nation (some more eligible than others). She should be enjoying herself and falling in love, right? Unfortunately, reality TV demands drama, and while that's not exactly news to Rey, she didn't expect to be so truly bothered by the man the show's producers had designated as the season villain, Kylo Ren.

- Unfinished! (Rate: 10/10 ok so this is definitely a guilty pleasure of mine. I am ashamed that I enjoy the bachelor, but I do. It's just so bad that it's good, you know? Anyways this is a bachelorette AU and it's so dang good! Kylo is mysterious and there's so much sexual tension. The chapters are so long and it was updated not long ago so it should be continued soon. Also features poe, finn, and my sweet precious bby mitaka as main characters!)

29. (won't you let me) walk you home from school

<https://archiveofourown.org/works/22740151/chapters/54337657>

Ben, a counselor in the upper school at the legendary Alliance Academy, keeps finding himself interacting with the lower school art teacher, Rey. He definitely doesn't like it. [rey/ben; teachers at a fancy-ass private school au]

- Completed! (Rate: 10/10 I love this fic. It's basically Ben and Rey both work at the same school and hate each other and it grows from there. Lots of tension and lots of drama. I personally love this because I'm currently studying to be a teacher and this is just like a dream come true? I'd love for this to happen to me. Maybe I can fantasize more now, N E ways, read. Also thank you to Meg for this recommendation)

30. PR For The Soul

<https://archiveofourown.org/works/23545333/chapters/56477539>

Ben turned 34 only 2 months ago. It's said that if you don't find your soulmate by 35, your mark disappears and you'll walk the earth with half a soul the rest of your days. A promising future for the CEO of First Order. The problem is, Ben's soulmate mark is hidden in a tattoo sleeve he got during his stint as Kylo Ren in his 20s and he's all but lost hope. He has a company to run, PRs to work on with Rebel Media Group. Finding the one is proving impossible. Rey is working her way up as a copywriter. She's handed the opportunity of a lifetime to write PRs for the First Order, except the CEO is a certified grump.

- Finished! (Rate: 10/10 Reylo soulmates AU. They are dumbasses the entire time, but I binged this fic in one day and I am obsessed with it.)

31. Forbidden

<https://archiveofourown.org/works/18645622/chapters/44216497>

She is a Jedi. It is forbidden to let emotions consume her. Especially for one of the galaxy's most powerful and influential men. But as she stands rigid in his shadow, his most loyal protector, she fights the cruelest battle ever with none other than her own self. Because from this day forth he will belong to the woman standing next to him. The woman who will help seal peace in this galaxy. He had told her so. He had no choice

- Finished! (Rate: 9/10 Jedi Rey and Senator Ben. Very maturely naturally written, but a great story. Watch out for trigger warnings, because there are many. I really enjoy this, but it is very sexual and definitely would not recommend it if you're under 18.)

32. Water and Blood

<https://archiveofourown.org/works/23848330/chapters/57314803>

After an attempted assassination, Rey's grandfather insists she have a bodyguard for the length of his campaign for First Senator.

Things don't go as expected.

- Unfinished, but updated regularly. (Rate: 9/10 Basically a reverse forbidden. Rey is in politics and Ben is her bodyguard. Story is just getting started, but I love it sm!.)

33. May Divorce Be With You

<https://archiveofourown.org/works/25981912/chapters/63166141>

Ben's a wedding planner and Rey is a divorce attorney. They meet at a bar one night after a wedding of his goes wrong and she's just closed a particularly difficult case. He still believes in love but she doesn't. To prove her wrong he invites her to be his plus one at his next wedding. Or maybe he takes her to several weddings

- Completed. (Rate: 9.5/10 HOLY SHIT the angst and soft Ben in this fic,,, I am obsessed with it. Rey being the cynical one and Ben being the optimist, I feel is so much more realistic in a modern day setting... anyways read.)

34. Children and Other Wild Animals

<https://archiveofourown.org/works/29747109/chapters/73169286>

"Solo, think about it from my perspective. You want to be director of a field office one day, right? What would you do? Put a green agent with insufficient clearance on protection duty for a high value target? All because a more senior and experienced agent hates kids?!" "Sir, with all due respect, I don't hate kids"—actually, he's pretty sure he does—"but I don't think I'm the right fit for this job. Would you believe me as a preschool aide? After a harrowing undercover assignment, FBI agent Ben Solo decides to take on an "easy" witness protection case that turns out to be anything but.

- Completed.. (Rate: 10/10 The angst and aggression of this fic had me so addicted. Read all 30 chapters in 1 day, but no regrets. Make sure you read the tags and trigger warnings but holy shit it's so good.

35. For You, My Ruin

<https://archiveofourown.org/works/29026134/chapters/71241717>

Two rumors have spread through the high society of the city of Theed. The first: Lord Chester Bacca has brought home a mysterious young woman by the last name of Kenobi to sponsor her debut into society. And the second: Bennet Skywalker-Solo, Marquess of Organa, has at last come home. With the gossipy writings of an unknown author fanning the flames of these rumors, the ambitious parents of the town are eager to know how these two arrivals will affect the prospects of their eligible children for this year's Mating Season.

- COMPLETED.. 10/10 HOLY SHIT. This is an ABO Bridgerton Reylo AU. So much angst, very steamy. Definitely a mature read, very animalistic. If you're new to the omegaverse, definitely to some research prior, to see if it's the thing for you. This fic is so good tho, holy..)

36. Guide You Home

<https://archiveofourown.org/works/22124170/chapters/52807306>

Rey has been raised by Mando the bounty hunter and now she thinks she wants to be a bounty hunter too - but first she has to prove herself by bringing in a mark all by herself. She's tasked with arresting notorious bail skipper Han Solo. Rey manages to track him down and is contemplating her next move, when she's intercepted by Han's son, Ben.

- Completed (9/10 very different from other fics I read. Soft Han and Rey in modern day. Heavy focus on Ben's family issues. Was really sweet, read tho, very pure, very angsty, and soft. Definitely a good starter fic if you're new to fanfiction.)

37. Bonded and Bound

https://archive.transformativeworks.org/works/32865775?view_full_work=true

Cultists have decided to kidnap two of the most powerful force users in the galaxy in order to obtain their offspring. Getting them to do it is a battle of wills, the mind, and the body. Can Rey and Kylo escape? Will they want to? This is more or less an exercise in Reylo smut. Take it or leave it!

- Completed (10/10 This is dark romance and has a br**ding kink. Soooooooo read the tags because it's definitely not for everyone. However, I ate this up heheh.)

[Okay so this is a new portion of my fic recs, it's just "one" shots (All will be 4 chapters or less.) I'm not going to write descriptions, just titles and links, but I promise they're all good! I'm going to separate them into categories of smut and fluff! Side note just*
