

Good evening, Lake Forest High School. Please continue with this message for our weekly announcements.

First, Lake Forest High School would like to extend our gratitude and respect to all mothers and mother figures. We hope your day is filled with wonderful memories.

Next, we are asking that parents/guardians complete the School Climate Survey to help us learn what you think about our school (one response per household please). Your thoughts and opinions are very important. The results of this survey will help LFHS make improvements to better meet the needs of our students and community. The [survey link](#) is included with this message.

Interim report cards were available in Home Access Center last Wednesday. Parents and guardians, please contact the school counseling office if you need your login information. There are only 15 school days left for seniors and 22 for underclassmen. Reviewing current academic standings will help everyone finish strong. Final report cards for underclassmen will be mailed home.

Seniors, information has been sent via Schoology about the class trip, which is scheduled for Wednesday, May 18. Please contact Mrs. Kersey or Mr. Brown if you have questions. All seniors participating on the trip must ride the school-provided transportation and may not drive themselves. Juniors and seniors, prom is 6PM this Saturday at the Harrington Fairgrounds. We look forward to seeing everyone in their formal attire.

AP testing will continue this week. The schedule is again included with this message.

Finally, Wednesday at 7PM is the Spring Chorus Concert. All are invited for this final chorus performance of the year.

That is all we have for you this evening. Thank you and have a good night.
