

# 1. STUDENT'S DIAGNOSTIC TEST

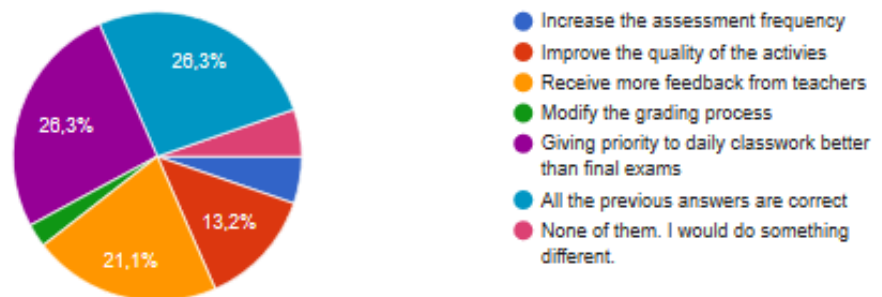

Are you glad with your results obtained in those evaluations?

38 respuestas

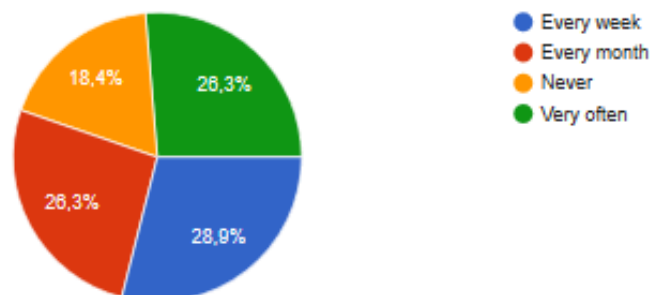

What would you do to improve the evaluation of your linguistic competences?

38 respuestas

How often do teachers evaluate your speaking skills?

38 respuestas

What activities would you like to do in the classroom to improve your linguistic competency?

38 respuestas

More oral exhibitions

i do not know any

leer en clase en voz alta

It's fine now

Hablar en voz alta

More speking

i would like to do more speaking exercises, and english vocabulary, verbs...

dont know

Već razgovora

What activities would you like to do in the classroom to improve your linguistic competency?

38 respuestas

more practical exercises

I would like to have more debates on different subjects

performing

I don't know what else to change. Basically, the program is fine.

Speaking correctly and more talking.

Peer chats

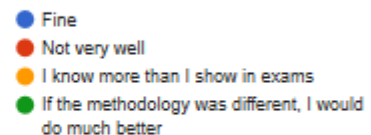

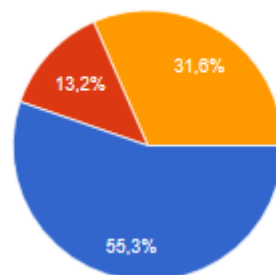

Vary the level of difficulty of the tasks, interact with different people, read and memorize.

interaktivno debato

speak a litter more english to catch an ear

How do you usually perform in exams?

38 respuestas

Explain briefly how you would improve the evaluation system

38 respuestas

based on the expectations of students

it is ok

I would want more face to face meetings in regards to evaluation, so that the grade is explained more in depth

selfevaluation is the best

teachers feedback, correct the exams

I would prefer that every new substance be evaluated promptly, and not only when the substance is already high

It's good.

Explain briefly how you would improve the evaluation system

38 respuestas

I like how it is

i do not know any

no se responder

In my opinion, is more important assessment in classroom than exams.

Ni idea

I would not change anything

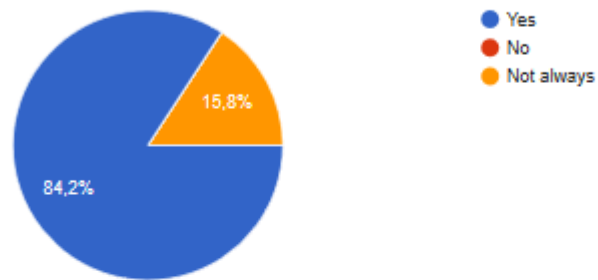

test exams much better

dont know yet

## GENERAL EVALUATION - ASSESSMENT PROCESS

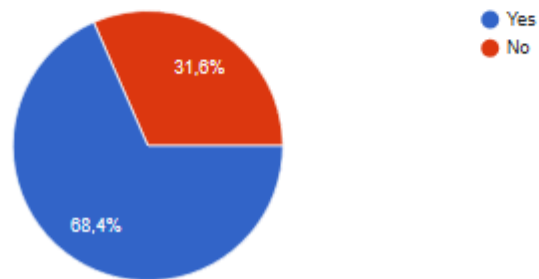

Are you happy with how frequent you are evaluated in your learning process?

38 respuestas

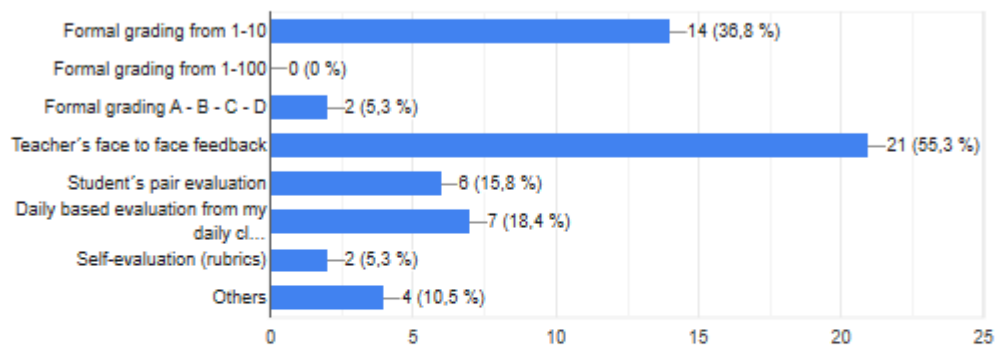

Are examen stressful for you?

38 respuestas

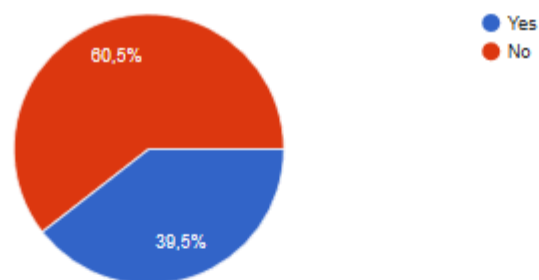

## What's the feedback you receive like?

38 respuestas

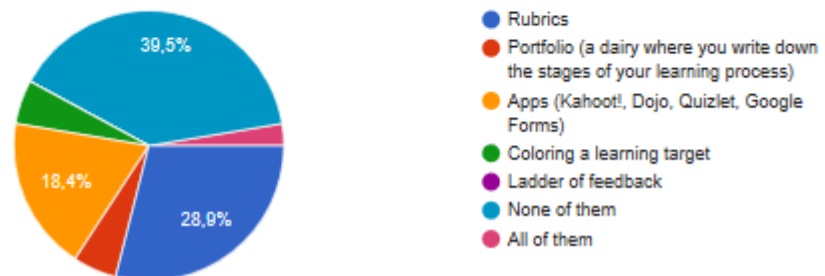

## Have you ever practiced self-evaluation?

38 respuestas

## Pick the self-evaluation procedures you have experienced:

38 respuestas

## Explain briefly how you would improve the evaluation system

38 respuestas

I am so sorry but I dont think I am the right person to answer this question.

I like test modes

evaluacion con el trabajo diario

very good!

passing all exams

I think that's fine

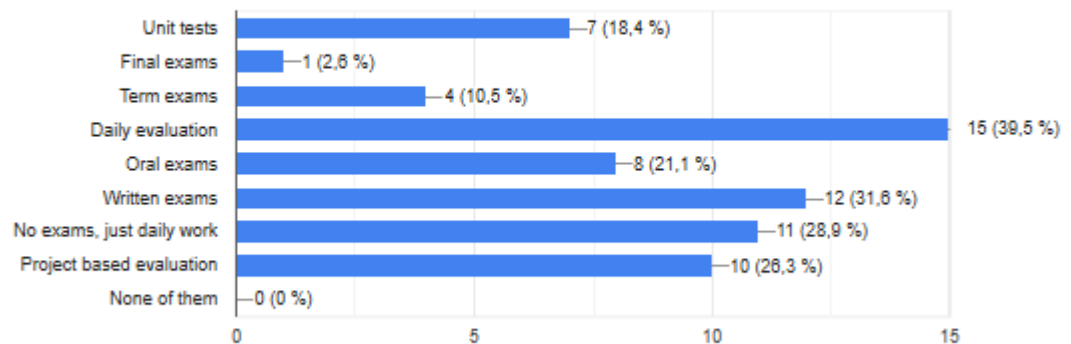

It's OK how are you.

I would improve it with les exams and doing more activities in class with the PC or with the classroom in general.

I,m agree with yhe evaluation system, because is based on teacher`s feedback and the daily work.

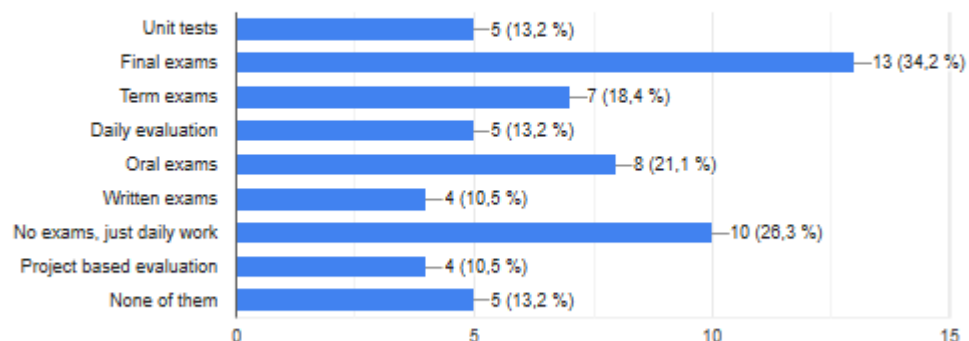

## What kind of assessment methodology do you consider more suitable to improve learning?

38 respuestas

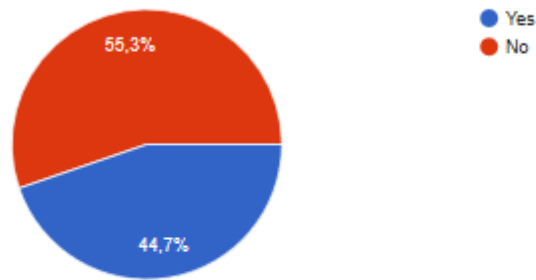

## What kind of assessment methodology do you consider less suitable to improve learning?

38 respuestas

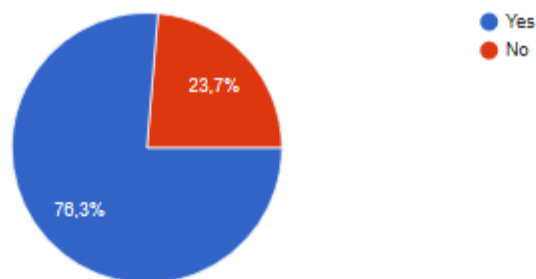

Would you like to be evaluated differently than with written exams?

38 respuestas

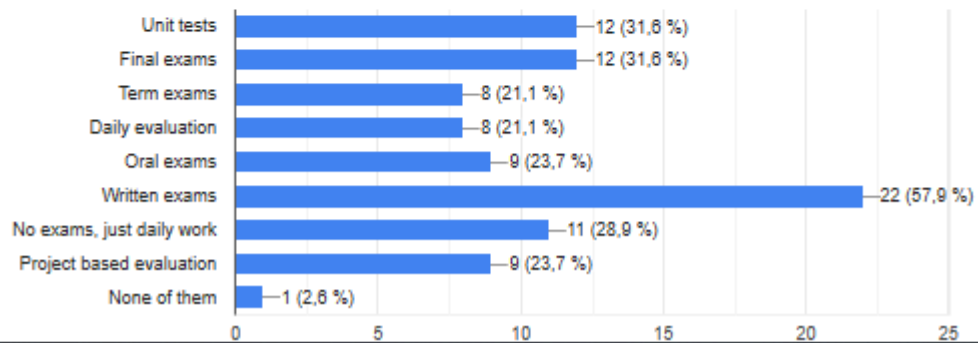

Would you like to receive feedback from your teachers more often?

38 respuestas

What kind of assessment methodology does your school apply?

38 respuestas

Explain briefly how you would improve the evaluation system

38 respuestas

I don't have it too shabby

Making it a daily activity so that it does not produce stress.

Yo creo que está bien así

I'm in an English class b1-b2, called the advance, and I really would like to be in class with people with my similar level.

Yo creo que diariamente se puede evaluar a los estudiantes. Por la asistencia, la atención, el interés, etc.

I think I have a good evaluation system

no exámenes..

frequently exams all skills for example one per month

How can New technologies help you in your learning process? Explain briefly.

38 respuestas

If they help to handle things that we don't normally do

with the translator for example and for the speed

Conociendo cosas nuevas

You are available to learn by yourself and improve your listening too.

Las nuevas tecnologías me pueden ayudar, porque tienen muchas respuestas para mis dudas.

For example new Technologies can help me with English lessons

yendo a clases

Keep in touch with classmate and teachers. Improving Learning methods

How can New technologies help you in your learning process? Explain briefly.

38 respuestas

The new technologies provide all the necessary to improve my learning información sirve algo Tte necessary información to improve my learning

It helps me find things and facilitate studies

me facilitan el trabajo, y ahorro tiempo, en mis trabajos, y me ayudan a conocer gente nueva.

We could continue at home with the subjects that we study in class.

putting into practice what I learned

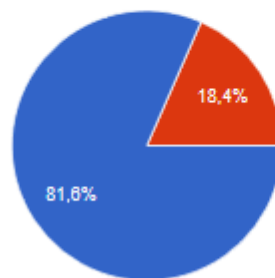

Through the new technologies you use new pages and programs.

It help us to find information, do jobs and stay in touch with teachers and colleagues.

It can help us to learn so much things from other parts of the world and different cultures , languages and more.

Would you like to have online school material (platforms, tutorials, banks of exercises in the cloud, etc) in the subjects that you study at school?

38 respuestas

- Yes, it would be very necessary. It helps save money and it's always available.
- No, I prefer to take my own notes in the classroom and a physical book.

How can New technologies help you in your learning process? Explain briefly.

38 respuestas

New technologies make studying easier, for example when you are studying a language, looking for word meanings.

The internet has much more information than a physical book. However, it also has more errors.

For example, in English use the translator it helps me a lot

Practicando mucho con las nuevas tecnologías

I'm learning English and for me New technologies help me to listening and other skills because I can found resource to practise English

Practicando mucho

You can Check año information online and look for answers or vídeos for example

For example, always I need help for send homework e-mails to my teachers,

How can New technologies help you in your learning process? Explain briefly.

38 respuestas

For example, always I need help for send homework e-mails to my teachers,

faster to get to the info that i want

I can found more infarmations

Faster learning and getting needed information

It is quick way to get informations

They can keep me focused on a subject and help me keep engaged

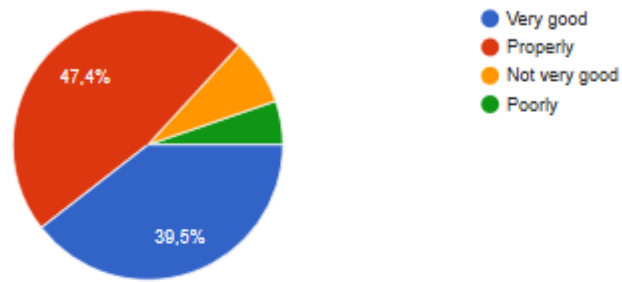

faster understanding

find answers, data

With new technologies, I can gain more knowledge and ability to compete in the job market.

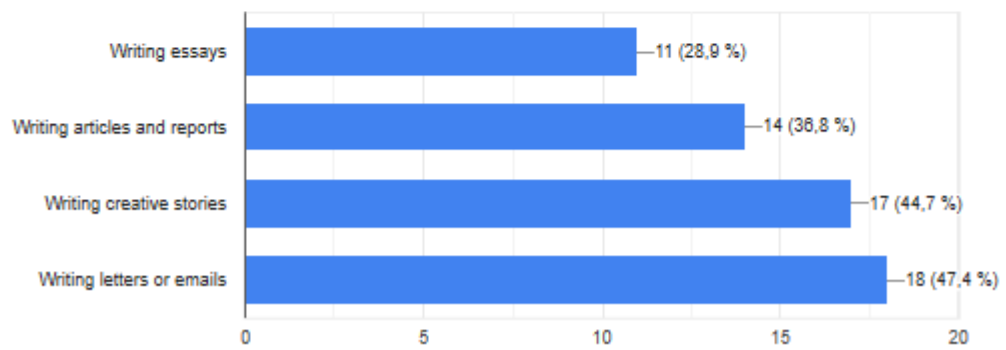

How much do you know your own language, regarding: SPEAKING properly, using different registers, variety of vocabulary, etc?

38 respuestas

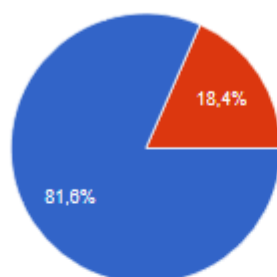

Tick the activities you usually do in the classroom

38 respuestas

Would you like to have online school material (platforms, tutorials, banks of exercises in the cloud, etc) in the subjects that you study at school?

38 respuestas

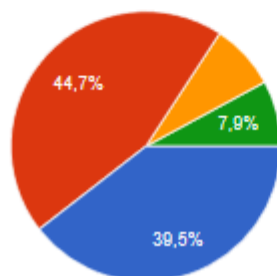

- Yes, it would be very necessary. It helps save money and it's always available.
- No, I prefer to take my own notes in the classroom and a physical book.

## STUDENT ASSESSMENT OF THE LINGUISTIC COMPETENCY

How much do you know your own language, regarding: WRITING properly, using different registers, variety of vocabulary, etc?

38 respuestas

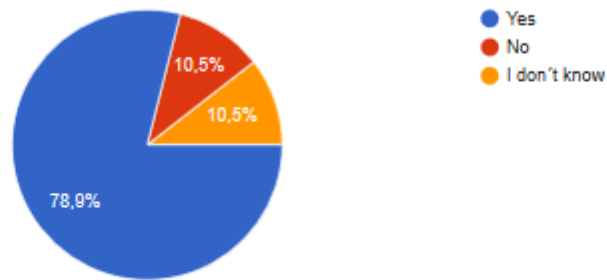

- Very good
- Properly
- Not very good
- Poorly

---

Are you taught in your school how to use different registers when writing?

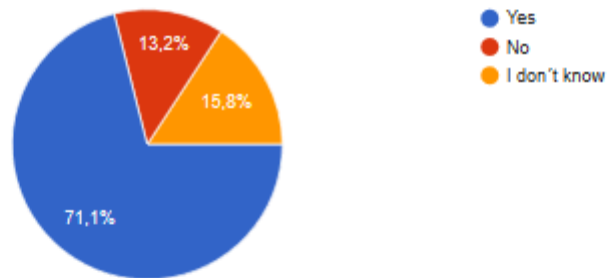

38 respuestas

---

Are you taught in your school how to use different registers when giving an oral presentation?

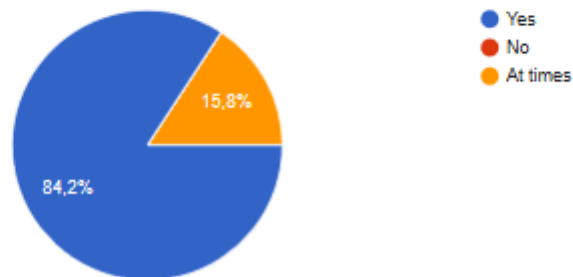

38 respuestas

---

Does your training process at school help you improve the way you write?

38 respuestas

What activities would you like to do in the classroom to improve your linguistic competency?

38 respuestas

I think that I do enough activities to improve my linguistic skills

I don't know

mas escritura

I like howw classes develop. They are very enjoyable and instructive

learn better and put it into practice

Reading is a good practice.

I think the activities we do in class are good.

I would like to do more oral presentations and debates with my classmates

In my English studies, for example debate, discussion about current opinion.

---

What activities would you like to do in the classroom to improve your linguistic competency?

38 respuestas

oral presentations

I haveno problem I like al activities

Do fun activities that make use of what has been learned

Seguir con las mismas actividades

I'm very happy with my teacher and her methodology

Me gustaría hacer más debates en clase, para perder la vergüenza.

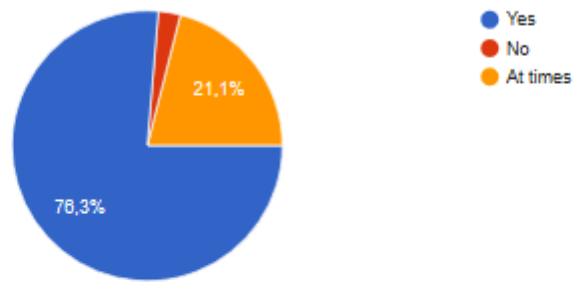

Role play games

yo estoy contenta como lo llevan el cole

Oral presentation , monologues , dialogues

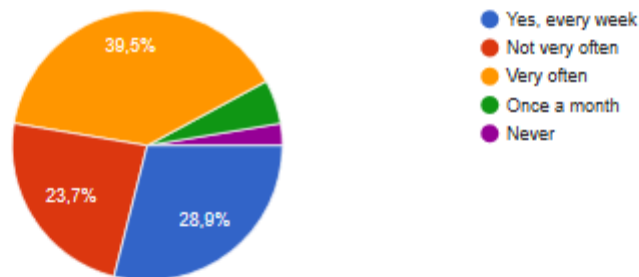

Does your training process at school help you improve the way you speak?

38 respuestas

38 respuestas

How can New technologies help you in your learning process? Explain briefly.

38 respuestas

find answers, data

With new technologies, I can gain more knowledge and ability to compete in the job market.

Faster I can communicate.

the new technologies is the present and future therefore it is very helpful

You can study anywhere and at any time, always being in contact with the teachers in this way you study better.

Hitrejše pridemo do informacij in lažje urejamo organizacijo dela

Teaching how the new technologies work.

New technologies improve communication between people making easier the transmission of documents, reports, suggestions... and so on. Another advantage is the facility you have to save everything you share with others

Explain briefly how you would improve the evaluation system

38 respuestas

teachers feedback, correct the exams

I would prefer that every new substance be evaluated promptly, and not only when the substance is already high

It's good.

I would improve it with an oral exam

I don't know

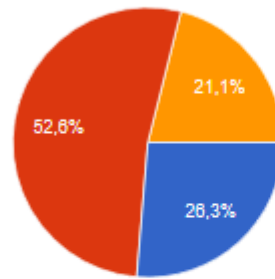

vsakodnevna evalvacija

putting a written exam every quarter to close the evaluation of these people

I think the current evaluation system is good

### What's your current level of digital competence?

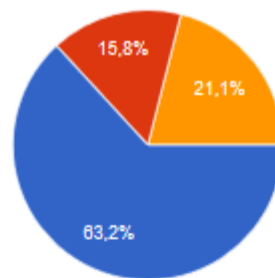

38 respuestas

- Not very good. I am bad at new technologies.
- Good. I can manage.
- Excellent. I use new technologies to improve my learning process at school.

### Do you use PCs in your classroom?

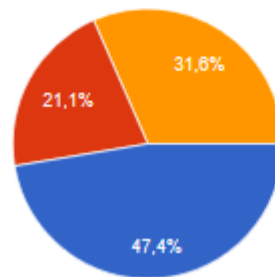

38 respuestas

- Yes
- No
- From time to time

### Do you use Tablets or any kind of device in your classes?

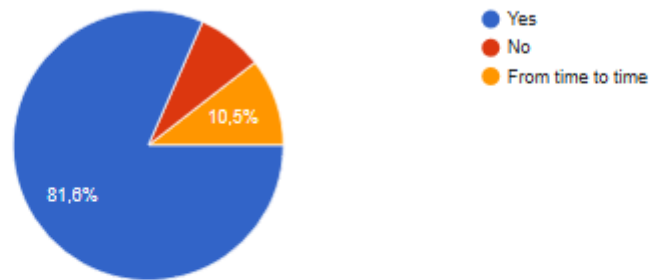

38 respuestas

- Yes
- No
- From time to time

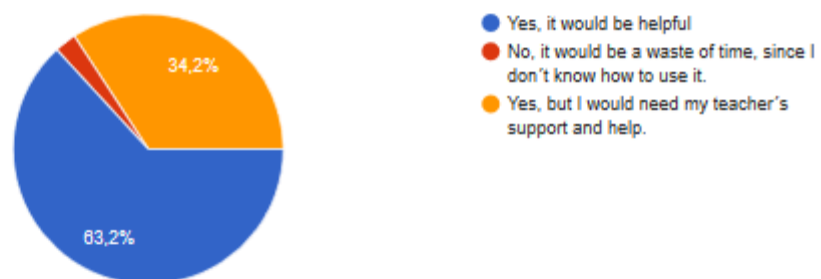

Do you use your mobile phones as a tool to research in any subject?

38 respuestas

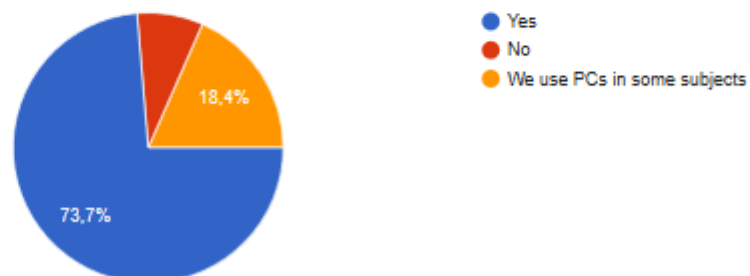

Would you like to use technological devices more often in the classroom?

38 respuestas

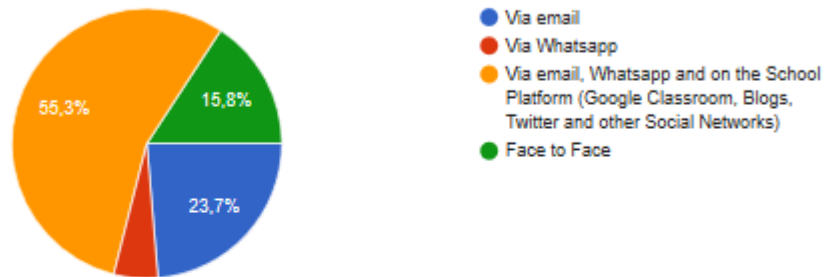

Does your school organize activities related to PCs or New Technologies in general?

Do you think New technologies can help you in your learning process?

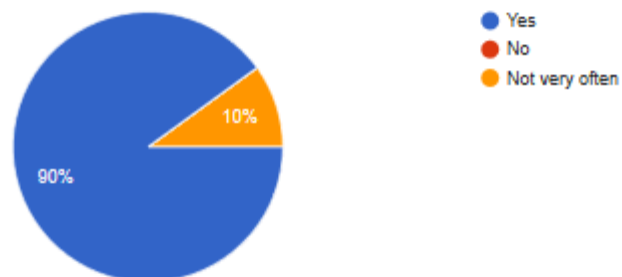

10 respuestas

---

Do your workmates use New technologies in their teaching process?

10 respuestas

---

If you were familiar with new technologies at school, do you think it could help you get better marks?

10 respuestas

Explain briefly how you would improve the evaluation system

10 respuestas

If google forms allows others types of questions, for example, to relate.

I would show them how to assess themselves

Making clear what the teache demands on the exams

Creating a material bank in a single account by subject and explain to the student how collaborate.

Sending you daily homework and exercises that self-correct for

Dando cada vez más peso al trabajo diario del alumno en clase

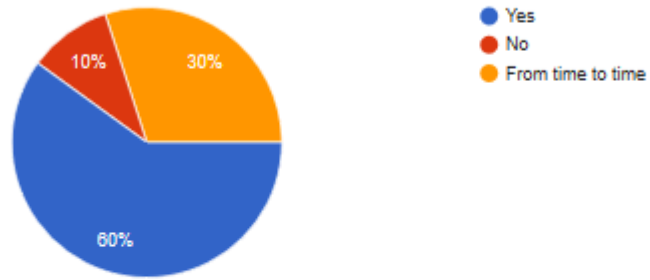

I would recommend more project work and assesment.

It's OK

I need more time whitouth classroom to prepare the evaluation.

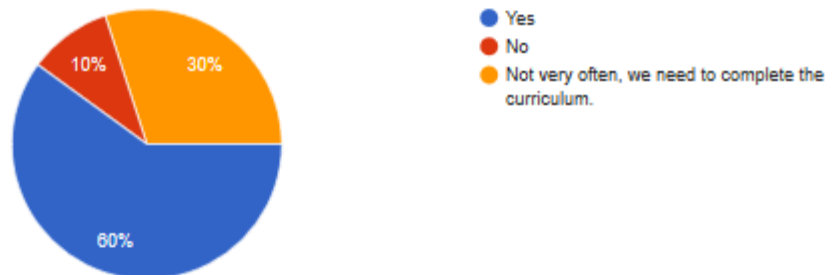

Do you let your students use their mobile phones as a tool for research in the classroom?

10 respuestas

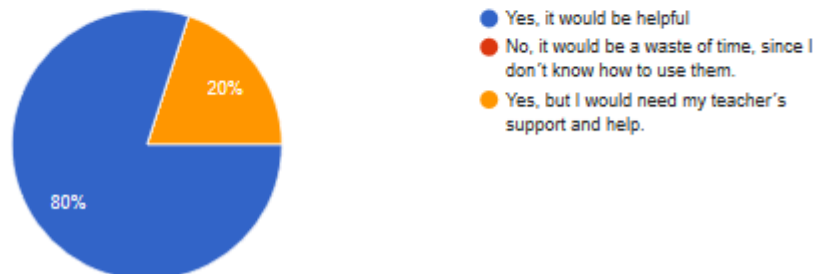

Do you take your students to Computer Rooms to help them improve their digital competence?

10 respuestas

Would you like to use technological devices more often in the classroom?

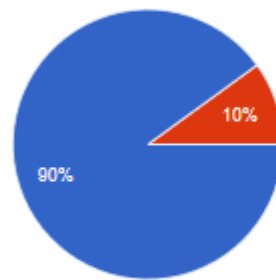

10 respuestas

Would you like to provide your students with online material (platforms, tutorials, battery of exercises in the cloud, etc) in the subjects that you teach at school?

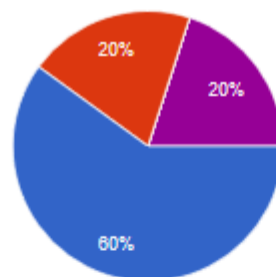

10 respuestas

- Yes, it would be very necessary. It helps save money and it's always available.
- No, I prefer that they take their own notes in the classroom and a physical book.

Do you know any of these methodologies to evaluate students online?

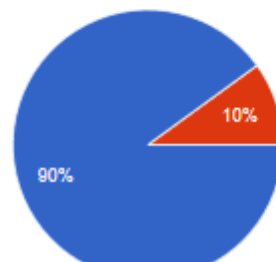

10 respuestas

- Gamification: Quizlet, Socrative, Kahoot!, and many other Apps
- Google forms
- Institutional / Regional platforms
- No, I don't know any of them.
- Yes, I know them all / some of them, but I prefer to assess my students with traditional methodologies: paper exams and physical projects.

Do you use any Blogs or Educational Platforms in your teaching practice?

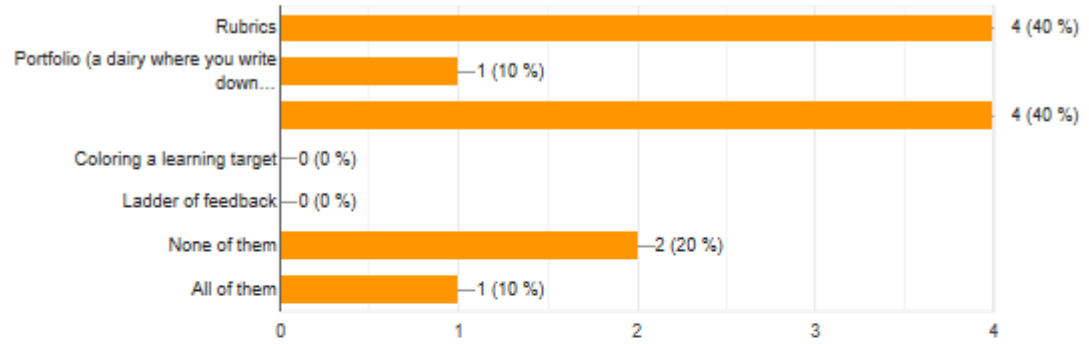

10 respuestas

- Yes
- No
- No, I don't. But I would love to know how to do it.

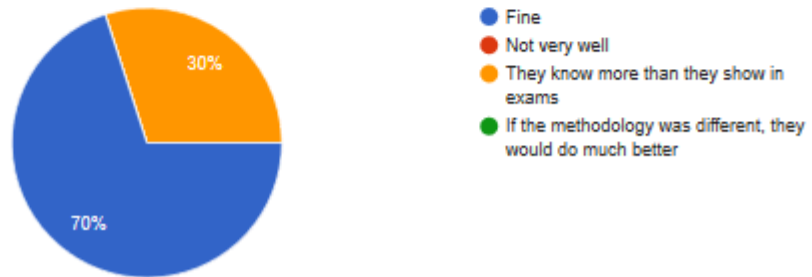

Pick the self-evaluation procedures you have experienced:

10 respuestas

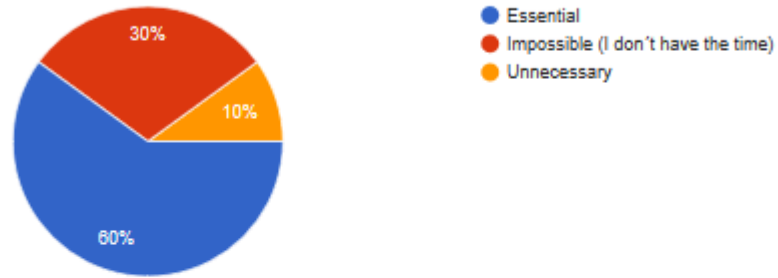

How do your students usually perform in exams?
