

Free and Reduced Lunch Application

****MUST BE COMPLETED EACH YEAR!!****

We would like to update you regarding school meals for the upcoming school year. Applications needed to be submitted each year in order for the child's eligibility status to continue. During the pandemic, the Federal government allowed all students to receive free meals. That waiver ended June 30, 2022. Families must now fill out the Household Application for Free and Reduced-Price Meals in order to qualify for free or reduced breakfasts and lunches for the upcoming school year. This is very important and we encourage all families to complete and return the application to see if they qualify.

Applying is fast, easy, and confidential. Sign up for reduced or free breakfasts and lunches by visiting this website <https://www.myschoolapps.com/Application>

In addition, you may also consider applying for SNAP, the federal nutrition program that provides eligible residents with monthly financial assistance to purchase groceries. The application for SNAP is available now and more important information can found at <https://healthyrhode.ri.gov/HIXWebI3/DisplayHomePage>

If you have any questions, please contact Kristin Chase Administrative Assistant for Purchasing and School Lunch at kchase@epschoolsri.com.
