Story

Dreaming of the impossible is tough... but in our Kingdom, anything can happen!

A girl who longed to become a mermaid has gone missing. Her parents are worried—she used to visit the sea every day, and now she’s just gone.

We follow her trail and find clues: she may have discovered a way to make her dream come true. And so, the adventure begins!

Rewards

	Jellyfish Dance A souvenir from the Azure Surf. It gives gifts every 24 hours, 10 times in total. For completing all quests
	Sea Wardrobe Clickable. A reward from the Pearl Reef. After a friend inspects it, you can get useful items, collection elements, XP, and coins. Completing additional tasks in the pocket land Pearl Reef

Levels 51-60

For each new level, players will get:

- 50 rubies
- 500 energy
- the precious key

The precious key is needed to open the Ancient Treasury first, which will be placed on the Estate, and then to move to the next floor of the treasury.

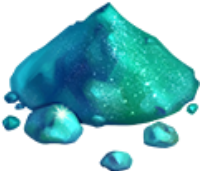

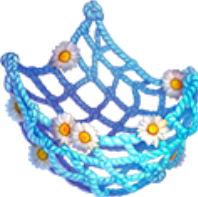

The Ancient Treasury uses home storage, therefore all collected rewards will go straight into it. In the Ancient Treasury, the rooms contain treasures from which you can get energy + various resources.

In the central room you can find the Royal Gift, a chest that you can take to the storage to place it on your home location or open it to get even more resources.
