In-Building Boundaries

Although we are paying guests, we are a big noisy group! We need to be aware of other guests.

- All our dedicated private spaces are on the first floor:
 - Private "hang-out" area
 - Dining room for all our meals (do NOT visit the regular hotel breakfast!)
 - Instrument storage room
- Please avoid talking and running in hallways
- There is a coffee shop and restaurant on the second floor; this area is for paying customers only (i.e. if you're buying something then no big deal, but don't hang out there otherwise).
- ***There is no need to enter anybody else's room for any reason.*** Use our "hang out" area for visiting.
