How to care for a cat

Do you want a cat? Step one shopping for the cat you will have to buy the things like the water and food bowl etc food bowl: cats need a food bowl to eat from I recommend getting one from k-mart they have lots of perfect sized bowls and they have slow feeders a slow feeder is a food bowl that has lots compartments you put the food in so your cat can eat more slow.

I also recommend that you get if you have a kitten and i recommend temptation treats
If you don't get the picture, search it up.

Water bowl you should get a deep water bowl there isn't much to it. Toys it depends what cat you get. My cat doesn't like bells but loves mice toys so it depends what your cat likes on the toys.

Litter tray you will need two litter trays and litter if your cat is not trained to use the litter tray you will have to teach them and then when they know and get use to them and you can take one of the litter trays away

Types of cats: persian cat: persian cats are very loving and affectionat cats but their hair comes off easily and

they are a lot of work and i mean it bengal cat: bengal cats are very loyal and loving like a persian cat they are good cats for children.

Tabby cat: tabby cats are friendly intelligent sassy cats

tortie cat: hot tempered strong willed independent cats

siamese cat: outgoing and social trusting loving those are some different types of cats.
