

KHIPUx

Latin American events in AI Call for Proposals, 2024

(Applications can be submitted in english, spanish or portuguese)

0. Name of the event

The event does not need to be named KHIPUx; if you are already organizing an AI event, the KHIPUx program will support it, keeping its current identity. If you are creating a new event, we prefer it to represent the diversity of Latin America and its regions through its name.

1. Main applicant information

(Repeat as needed)

Name:

Organization:

Email address:

Country:

2. Motivation

Explain why hosting a KHIPUx in your region is essential and the outcomes you aim to achieve. (500 words max.)

3. Event Description

Provide a tentative schedule, potential speakers, the venue you are considering and the expected number of attendees. Indicate if the same event has been celebrated in the past, and provide information about the previous editions if they existed. (500 words max.)

4. Diversity and Inclusion

Describe your strategies to ensure diverse participation, with a particular focus on promoting gender diversity and the participation of minoritized groups. (500 words max.)

5. Organizing Team

Introduce your team and their roles. (500 words max.)

6. Support needed

Detail the kind of support you require, including financial assistance. If financial assistance is needed, describe the approximate budget of the event you are presenting and how you plan to cover it. Khipu aims to support different meetings with around USD2,000.00 (two thousand US dollars). Preference will be given to groups that collaborate and co-locate their meetings. Khipu encourages supplementing the budget with funds from other local or international sponsors.

(500 words max.)

7. Key dates

Describe when the event is happening.
