

Stronger Mobile Privacy Statement

Personal Data

- We do not collect personal information in our apps in addition to information that you explicitly provide.
- Any information you submit is for the purpose of providing functionality within the App or to interact with other users. We don't forward or sell this information on to any other parties.
- If you contact us, we keep your email details in order to respond back to you, and we will keep a history of our conversation.
- We do not forward or sell your email details to any other parties

Exercise Data

- If you choose to login within the App your exercise data will be visible to other users of the App, and may be shared across other Apps published by Stronger Mobile Apps. The sharing is done to improve App functionality and increase user base.
- We do not forward or sell information regarding your exercise to any other parties.

Technical Information

- When you use our apps certain information gets logged automatically so that we are able to diagnose and fix problems and resolve crashes (i.e. fix software bugs).
- Alongside this we record anonymous data relating to App usage to help us analyze and improve App functionality. An example use of this data would be either adding, removing or enhancing existing features based on previous app usage where appropriate.

All information is encrypted in transit and stored on secure servers solely for the purposes given above.

Stronger Mobile User Data Statement

- Please contact us at stronger.mobile.apps@gmail.com if you would like us to remove all account information and exercise data from our secure database. We will process this request within 30 days.
