## **EVENT DESCRIPTION**

This retreat has been created for those individuals and couples who are ready to be free! Free from the stories and programming that induce guilt, shame, shut down, fear, judgment and disconnection from ourselves and each other. All things that keep us playing small in our lives and disconnected from our true selves!

As facilitators, we are coaches, mentors, authors and speakers, having worked with tens of thousands of individuals, collectively, and the core of our experience in these roles has demonstrated to us that sexuality is the ONE THING that impacts EVERYTHING! And, it is the LEAST TALKED ABOUT! THE LEAST EDUCATED ABOUT! THE LEAST HEALED ASPECT OF OURSELVES!

We have witnessed that healing work around topics and issues of sexuality has produced the following results:

Physical health improvements

Increase in self esteem, self worth & self love

Release of past traumas and a restoration of joy

Feelings of peace

Willingness to forgive self and others

Ability to connect more deeply and intimately with a partner, more pleasure and better sex!

Expansion of creative energies, talents, gifts and passions

Enhanced spiritual gifts

(\*results vary among participants)

At the retreat, we will create and operate in a space of integrity and respect with clear boundaries. Every person is totally sovereign in her/his "choosing in," to participate in the processes and discussions to whatever degree is desired. Consent is foundational in all of our practices. Nothing is required, nor forced on anyone, everything is presented by invitation and individual agency is honored 100%. We will invite you to look into your beliefs, emotions and behaviors in all areas of your life and relationships. We will dismantle shame and teach you how to truly LOVE YOURSELF!
