Family Secrets

Things aren't always as nice as they seem to be.

Someone could be an outspoken, nice, kind and sweetheart person to the outside world but be a sick, twisted evil person in the privacy of his home.

No one is completely normal or perfect. Nobody shows their entire and true personality to the world. Everyone has something to hide, a dark secret, a dark taste, a dark habit. At least that was what he liked to think.

All people had a sick or twisted secret that they hid from everyone and everything. At least he was damn sure that he and his family did.

The Uzumaki-Hyuga family was not a normal family.

They certainly were *not* as perfect as everyone seemed to think.

They had dark, twisted and perverse secrets they kept only to themselves. They were not normal. They accepted that. They all did. He and his family knew that they weren't perfect, that they, in fact, were not normal. And they didn't care about it.

They accepted their true nature and hid it from everyone outside the family. They acted as the role model clan and citizens for not only their village, but for the entire world. The most powerful Clan in history. The nicest and kindest people to ever exist.

But they had a really dark and twisted side that they kept inside the walls of their compound.

Why?

Because that was what a family did. They loved each other with all their hearts. They loved each other unconditionally.

Some would say that they perhaps loved each other a *bit too much*...

"I beg you. Please do not give me a grandson anytime soon. *Please*." He heard his father say.

He looked at him and frowned.

"Only if you don't give me another brother or sister. I can't imagine having to take care of another little and loud brat again..." He complained.

His father stared at him for a few seconds, and then smirked at him, his fox-like smirk making him a bit uncomfortable.

"Sure... Because you *definitely* don't want another sister like Himawari around the house..."

He knew what he was implying... They all knew.

He looked away angrily and buffed.

What an asshole his father was.

Beside them, he spotted his mother chatting happily with Himawari.

They were *almost the* same height now. Himawari had just turned nineteen a few weeks ago, and she was slightly taller than their old woman.

It was hard to recognize her these days... Her hair was longer and messier than ever, and her body had definitely developed over the years. She looked every bit like the strong, mature, powerful and beautiful jonin that she was.

But even if she had matured a lot over the years, she was still the same cheerful, happy and funny chick.

She told their mother something he could not hear. But the way she laughed cheekily and her mother smiled and blushed slightly, told him everything he needed to know.

He was feeling uneasy.

"Oh, we are in trouble... They are planning something!" His father said what he was thinking.

Both women turned to face them. They were at the train station, his parents were about to go to the land of hot springs for a few days. His father had decided to take a few weeks off work, and he was taking his wife to a little holiday.

"Remember you two... You can do whatever you want, but *please*, do not get in trouble..." Their mother sounded serious, but then her tone relaxed. "Your father and I will return in a few days. Take care of each other..."

"Relax, mum!" Himawari spoke beside him "You know we *always* take care of each other!" She smiled widely and gave their mother a thumbs up.

Their mother blushed and smiled again. And she gave her a thumbs up too. Yep, they were definitely up to something.

Their parents got on board the train, and both he and Himawari waved them off as the train left.

Then, both of them started walking slowly and in silence to their home. A few civilians spotted them, but they ignored everyone.

He realized that his sister was walking really close beside him. Her hips often brushed with his, and that made him shiver a bit.

Her body had blossomed in such a way that she was probably the sexiest woman on Konoha. The skinny, white short jumpsuit she wore hugged to her skin lewdly, and the V neckline it had gave him a great view of the mesh bra she wore underneath. She also kept her forehead protector loosely on her neck, and for some reason that looked incredibly sexy on her.

His little sister didn't look so little anymore... Not only her body, but her facial features made her look like she was older like him. Her arched eyebrows and long eyelashes, her slightly squared chin, her slim, small nose, every feature in her made her look like a total beauty.

At that point he was shamelessly checking her up, even if he already knew every inch of her body perfectly.

Suddenly, she *tapped* him with her wide, strong hips, in a playful manner. He looked up at her, and she was glancing sidelong at him.

She bit her lip, and then *winked* at him. It was a sign that she couldn't wait to get home.

And he couldn't wait to get home either.

So they both rushed up to the Uzumaki Compound.

As soon as she closed the door of their home, Boruto jumped her. He assaulted her mouth, and even if she was surprised for a second, she let him do with her as he pleased.

Her lips parted and he shoved his tongue inside her mouth. His hand caressed her lean and fit abdomen, brushing her skin over the fabric of her clothing. Their tongues were running wild, *wrestling* inside Himawari's mouth. The smacking sounds of their tongues could be heard clearly. They were making out intensely.

One of his hands went through the deep V neck cut of her jumpsuit, playing with her clothing and wanting to strip her, but she suddenly stopped him.

"Wait!" She exclaimed, halting the kiss. "There is no need to rush things, big bro, we have the full week to ourselves..." She pushed him away, and walked past him "Wait for me in my room. I want to try something new ~" She smiled mischievously, and suddenly *disappeared*.

She didn't let him have a say in the matter, as always. He was used to her attitude and way of behaving, so he simply rolled with it. He stripped to his boxers in the middle of the hall, and went straight to her bedroom.

When he opened the door of his sister's bedroom, the first thing he noticed was the soft music playing in the background. There were a few scented candles decorating the bedroom, and the lighting was dim.

She had clearly thought and prepared everything in advance, so he simply lit the scented candles and sat on the bed, waiting anxiously for his gorgeous sister to show up.

When she did, Boruto's jaw dropped. She stood there, smiling and enjoying his stupid face and reaction.

She was wearing some lingerie that he had never seen her wear before, and she simply looked like a devil, like the incarnation of lust herself.

Her already big breasts looked even *bigger* with the black push-up bra she was wearing. Fishnet stockings made her thick, strong legs look longer and sexier, and the tiny black thong she wore showed up her big ass, and he also could spot her cameltoe.

She slowly and sensually walked towards him, her high heels clacking against the floor. She smiled mischievously at him, her big blue eyes staring at him like he was her next prey to take. His jaw lowered further when she winked at him. His cock growing harder in his boxers.

He was sitting on the edge of the bed, and she stood right in front of him. He tried to grab her and touch her but she snapped at him.

"No." she said, her voice sounding deep. "Not yet, big bro."

He listened to her, and kept his hands at bay. It wasn't common for Himawari to act like that and take the lead when they were alone, even if her personality outside the bedroom was similar to his, so that alone made his blood pump.

She turned around, and she started to move and dance to the slow rhythm of the music.

Her hips wiggled in sync with the slow beat. She stretched and moved her arms over her head, causing her back to stretch sensually. Every single muscle of her fit, lean back flexed. Her back looked strong and sexy, and her big ass stuck out in a lewd and *inviting* manner. He was desperate to reach out and grabbed her round, fleshy ass cheeks, but he controlled himself not to.

She even *shook* her pale, round ass, and he spotted for a second how her pussy drooled between those thick, strong thighs of hers and those big, round and pale ass cheeks she got.

Himawari suddenly went down on her knees, and she stuck out her big booty exaggeratedly. Her ass cheeks brushed against *his* knees, and she started *twerking* to the rhythm of the beat like some kind of slut.

Her ass shook and twerked from side to side, those big, pale ass cheeks were moving lewdly right in front of his eyes. She wiggled and tightened her ass right in his nose. His blood was pumping harder, and every pore of his skin radiated heat. His eyes were wide open and he was *drooling*, in trance staring at those fleshy ass cheeks. The band of her tiny thong was jammed deep up her fat crack, and Boruto could see *everything*. He wanted to lean closer and kiss, lick and bite every single inch of those waves of appetizing flesh. He wanted to bury his face deep in her ass crack and die suffocated by her big, lewd cheeks.

But he couldn't. She wouldn't let him, not yet, at least.

She kept dancing and moving her ass like a cheap slut. Suddenly the beat of the song speeded up a bit, and also did she.

She suddenly stood up a bit and leaned backwards, still dancing and shaking her ass. She was now sitting and twerking over his thighs, like a whore in a strip club.

She bounced those butt cheeks like a pro, doubling the pace of the beat, and smacking her ass down into his thighs. He couldn't see her face, all he could see was her fat ass shaking like her life depended on it. Her sweaty ass cheeks clapped in rhythm, and the scent of her arousal reached his nostrils. This didn't look like a dance anymore. It looked like a bitch in heat *asking, begging* to be fucked into oblivion and get her pussy full of male seed.

And he wanted to give her what she was *begging* for with that *mating call*. His cock was so stiff and swollen in between his boxers that he thought he would reach orgasm without even touching himself.

There was something in him that was slowly beginning to break.

He suddenly remembered one of the things his mother told him years ago when she gave him *the talk*.

-Women have only one goal in life, and that is to find a strong, virile mate and be dominated and objectified by him. Even the strongest women seek and bleed for a stronger mate to come and claim them. We get aroused when a strong, alpha male is around us, and the only thing we desperately want when that moment happens is for them to get excited for us and stick their penises in our core and fill our womb with their seed. That's how I feel every time your father is around me ♡~ And when you grow up, the only thing your body will want is to find a sexy, suitable partner, mate with her and claim her forever as yours and only yours. We can't help ourselves, Boruto. After all, humans are only animals-.

At the time he had felt disgusted by her words, but he knew her mother came from a very ancient, conservative and extremely sexist clan, so he didn't refute her words...

But after all the years that had passed, he finally understood her words. His mother had been right with everything she had said to him, even if at the beginning he was afraid of accepting that.

At that very moment, his sister was doing exactly what his mother had described years ago. She was *eager* to have him inside her. She wanted him to get incredibly aroused at the sight of her and her alone. Her pussy was already dripping wet, it was *begging* for his big, hard cock to fuck her and fill it with his seed until it spilled out of her tight fuck hole.

And he wanted to stick his cock right inside her wet, tight and warm pussy that he loved so much, and fucked her until his balls worn dry and his cock softened completely. That's what women were for, at least that's what his mother had told him everyday since he was thirteen. The goal of a woman was to please her man and alleviate the ache of his dick with her womb.

And Himawari wanted to do exactly that. He wasn't hallucinating or imagining things, his sister loved to alleviate the ache of his cock with her pussy. Every time his fat cock rose and got hard, she would let him fuck her and use her like a ragdoll, and she

would do it with a wide smile on her face. They'd fuck like animals until the ache on his dick (and the ache on her pussy) disappeared completely.

But this time she wanted to take things slowly and have fun, and he actually liked that too. He wanted to push his arousal to the limit, and give her the fuck of her life. Because even if they had chosen each other as mates, even if they loved to fuck like animals in heat *almost* every day, they still loved each other immensely, so much so that they were truly in love.

He woke up from his trance when he felt her hand caressing one of his thighs. She had stopped dancing and twerking over his lap, and was now on her knees facing him in the eye with a smile on her face.

She caressed his thigh and looked at him with those beautiful eyes that he adored. She brushed his skin with her smooth fingers, and one of her hands wandered upwards, brushing his cock so slightly, and then reached his strong abs.

She touched every inch of his strong and defined abs, feeling his *godlike* six pack with her small fingers.

"I'll never get tired of your body, big bro..." She said, licking her pouty lips. "You are so strong... I mean, it's in your blood" She smiled playfully. "But regardless of that... You are so powerful, so masculine ~"

Her touch made him tickle and shiver, his body tensed a bit. Her hands were always so cold, he loved the feeling of her hands touching and caressing his body. Himawari kissed his thigh, and he threw his head backwards.

"I love how your body reacts to me... how aroused you get when I'm around you ♡" Her other hand was brushing against his groin. Her delicate fingers tracing the outline of his hard dick over his boxers.

His body trembled and his cock twitched in between his pants. Boruto feared that he would cum in his pants just from her words and teasing.

Himawari grasped the waistband of his boxers with her fingers, the mischievous smile never leaving her face.

“You get always this hard when I'm around, big bro ♡~” She said, playing with the waistband of his underwear “But you can't help it, I know... It's like your cock always wants to be inside me, ramming me and mating me forever... And I love that ~”

She pulled down his boxers, and his cock was freed. His big dick smacked her in the face and stood hard and swollen over his sister's face, eclipsing her.

Himawari smiled under his shaft.

“It never ceases to amaze me... And it never will ♡” She stared at his cock with mirth in her beautiful eyes. “It's so damn big and thick... I'd never seen another cock other than yours... Well, besides dad`s ~” She smiled cheekily “But even then... I don't need to see other penises to know that yours is massive, big bro, you are huge! ♡”

She kissed his cock sloppily, and made a trace of kisses down his big, thick and veiny shaft.

He trembled, gasped and moaned at every single kiss, but he didn't touch her. Boruto let his sister do whatever she wanted with him.

“Your balls look so swollen and big...” She kissed his fat and big nut sack, and inhaled his scent. “It smells so musky and manly... I can even perceive the scent of your seed... You must be storing a huge load for me ~”

She licked his nut sack like a cat, her tongue making wet and lewd noises. She kissed both of his balls and every inch of his dirty sack.

“You got this hard, just for me” She sounded and looked very proud “You always get this hard for me, and just me... It's like your body doesn't need anybody else but me ~. And I don't blame you, because the only person I care and need is you... We don't need anybody else, big bro. We are family, after all~♡”

She resumed giving his big cock kisses and pecks. The veins of his shaft were purple and bulging with blood. His cock really looked like it was about to explode, even the tip of his cock was leaking a bit of pre cum already.

"I'm sorry you got this hard, big bro... I just wanted to drive your arousal to the limit... That way you can give me the fuck of my life and, who knows, you could even conquer my womb... You could finally impregnate your little sister ♥"

She took a moment to unclasp her bra, and her big, pale tits were freed. He felt the warmth of her big, fat milkers resting on his thighs. She kept kissing and licking his big cock, teasing him and driving him insane.

It was too much for him, he couldn't wait or bear any more. He needed release.

"P-please... Hima... I-I can't take this teasing anymore..."

His sister stopped kissing his shaft, and she laughed sweetly.

"That's sad, I want to keep teasing you... But hearing you beg is so sweet and cute... Maybe if you beg just a little more..."

She separated herself from his cock, and she locked eyes with her brother. His cock was a few inches close to her pretty, pouty lips.

"Please, Hima..." He said, before swallowing. "I beg you, little sister... take care of my hard cock, please..."

She smiled at him, her big blue eyes almost closed.

"Okay, big bro, if you beg me like that... I guess I must act like the good, loving little sister that I am ♥"

She suddenly kissed the tip of his cock, drinking and Licking the drops of pre cum he was dripping. She opened her mouth wider, and engulfed his thick, smelly cock tip.

He moaned and gripped the sheets of the bed with his hands. Her blue eyes were staring at him, her cheeks looked puff already, just by having his cock tip in her mouth.

She fixed her hair, drawing a few locks behind her ear, his cock tip still in her mouth. She then started lowering her head, sucking and swallowing every single inch of his huge shaft. She didn't stop, not even for a second. She slowly but surely took his shaft with her mouth. She licked every inch of his cock with her wet tongue as well, making his big brother tremble and his big cock twitch inside her mouth.

She finally engulfed all his cock on her mouth, her face against his shaved groin.

She gagged and choked all over his cock on purpose. The wet and sloppy noises of her gullet were too nasty. She spat like crazy on his cock. Drops and globes of drool leaking from the corner of her pouty lips.

She sucked her cheeks in like a vacuum, and she shook her head around his shaved groin with his big cock deep down her throat.

Himawari lifted her head just a bit, and then started to blow his big cock with a slow pace.

Her movements weren't so exaggerated. She moved her head up and down slightly. The back of her throat was massaging and caressing the big, musky crown of his cock while her tongue sloppily licked his veiny shaft, making him moan her name.

She kept his big cock deep inside her mouth, but teased and caressed his cock tip with her skilful throat. She sucked him up like that for a few minutes. Her throat was getting sore and her pretty face was red. Her big, fat milkers brushed against his thigh with every movement she made, and she kept sucking in her cheeks like a vacuum and gagging on his cock like a whore.

After a while she decided to finally use her hands. She placed one of them on his strong abs, groping him forcefully, knowing that he was pretty sensitive to her touch. Her other hand went to his big, musky nut sack.

She took it in her hand and massaged it lewdly while choking on his cock and making all kinds of wet and nasty noises.

His balls tensed on her hand, and she felt his cock swell on her mouth and throat. She knew his body all too well, her big brother was about to reach orgasm.

That's why she suddenly let his cock go and stood up.

Himawari looked at her brother. He seemed angry and confused.

"H-hey! Why the hell did you do that?!"

She didn't answer. Instead, she pushed his back onto the bed and sat on his face.

"Do you really wanted to cum that fast? Oh, little brother, you must be *desperate*..." Her sultry voice made his entire body tense. "Why don't you suck my pussy like you love to do? It's your turn to make me feel good. And I deserve it, after all, I put on a show just for you! ~"

He didn't answer nor refuse to please her, instead, he grabbed a hold of her huge ass cheeks and gladly and eagerly started to kiss them.

He caressed those fat, pale cheeks with both hands, and he licked them like a kid Licking ice cream. He grasped the lace of her tiny black thong and pulled it to the side, exposing her hairless, pink and beautiful pussy.

He unconsciously compared her pussy with his mother's. It was smaller and her pussy lips were thin. He smiled, noticing how wet and aroused her pussy already was. She had clearly got very excited with the small show she performed and with the blow job she gave him.

He was more than eager to return the favor, so he stuck his tongue inside her wet fuck hole.

He licked her inner walls, looking and finding every single one of the sensitive spots she had. Himawari moaned and giggled a bit, sticking her big, pale ass into his face even more.

Her big, fat ass was suffocating him. He was drowning in that vast sea of pale skin and flesh, and he loved that.

He licked her clit while her ass cheeks clapped against his face. Himawari tensed right over him when he bit her clit so slightly, her body went stiff.

Her pussy gushed against his face, and he drank her juices desperately. Her scent was so tasty, it was the tastiest thing in the world to him.

He kept sucking her pussy like an animal. He stuck his tongue deep into her folds and licked every inch of her inner walls. Then he kissed her labia sweetly, and suddenly shoved two fingers right into her cunt.

She gushed immediately, moaning and crying out his name. He licked her clit frenetically while finger fucking her sweet and little cunt with his thick fingers.

She started to twist and shiver on top of him. Her legs were kicking and trembling. He out of nowhere licked her tiny and stretched ass hole, and she cry louder.

“Ahhh! Y-yes! I-I Love that, b-big brother! ♥~”

His fingers started thrusting faster and faster into her cunt, and Boruto started rubbing her clit with his tongue like a madman. His sister was *jumping* on top of him, riding his face like a crazy bimbo. She was more than close to orgasm, and he wasn't planning on spoiling her fun.

Instead, he decided to surprise her. He shoved one of his fingers right into her tight, tiny and virgin asshole. That finally made her come on the spot.

“Ahhhhhh! B-Boruto!!!! ~”

Her body went completely stiff as she came and came all over his face- Her cunt gushed and squirted like never before, soaking his face and the sheets of the bed. He didn't mind the slightest, instead he licked and drank every single drop of her juices, it was like a nectar to him. He licked and kissed her sensitive labia with all the softness in the world.

Her legs trembled, and her loud and high pitched cry finally died on her throat. She dropped dead in the middle of the bed, her back against the mattress.

He licked the remaining of her fluids off his face and stood up, looking at her with a victory smile on his face.

“You cummed like a bitch in heat, lil sister...” He said, smugly. “Looks like you were hornier than ever too... And you loved the feeling of my finger in your ass... What a naughty little girl you are...” He expected her to say something back at him, but she kept lying on the bed, trying desperately to catch her breath.

Her chest was going up and down, her eyes were half shut, and one of her eyelids was trembling. Her face was red and her tongue stuck out her mouth. She looked tired, but extremely satisfied. Perhaps his technique was still too much for her...

“Well, it seems you need a couple of minutes to catch your breath... I'm going to be a good brother and bring some water for you” He said, scratching his head. Then he went straight into the kitchen.

“T-thanks...” His sister simply smiled dreamily. Even If she was tired, Himawari looked radiant.

Things had escalated so fast, Himawari didn't even realize anything.

“Untied me right now! This is not fair, big bro!”

Himawari shook slightly, the ties on her wrists and ankles kept her tied in the bed. She wasn't afraid or uncomfortable (She was astonishingly strong, she could free herself from those ties at any point), but she

was a bit annoyed that her big brother had tied her up when she was still high and dizzy from her orgasm.

Her back was against the mattress, and she was completely naked, aside from her stockings. Boruto looked at her with a devilish smile on his face, and she knew he was planning something.

“You had your fun, little sister... Now it's my turn to play with you.”

She could have said something like *–you always play with me–*, but instead she remained silent.

He got on the bed, showing off his cock to her. It was so swollen, almost as it was hurting him. His cock head was red, with precum coming out of its slit. His cock twitched and throbbed on his hand, and her brother leaned against her tied and already wide open legs.

“Okay, If you can't wait any longer, then I'd let you fuck me” She exclaimed, struggling playfully and trying to sound like she still was on charge of the situation.

Her brother leaned his cock against her snatch, his cock tip brushed and kissed her wet and tiny labia. He brushed his cock tip up and down her pussy lips, playing and teasing her.

She bit her lip hard, trying with all her might to hold back her moans. He grabbed her from her tiny waist, and Himawari smiled, thinking that he'd finally shove his big, throbbing cock deep inside her, but she was wrong.

She looked completely confused when her brother leaned forward and stuck his cock in between her fat, round milkers.

He grabbed her fat tits and smashed them together, sandwiching his big rod in between those beautiful mountains of flesh.

She looked at him with a hint of betrayal in her eyes. She was really looking forward to feeling his big, twitching cock deep inside her cunt, but instead he decided to play with her.

Still, it felt really good. Her mammaries were incredibly sensitive, and his cock was so damn hot, like it was on fire. He thrust and thrust his big cock against her cleavage with almighty strength, the bed was shaking with every thrust.

He suddenly pinched her nipples rawly, and Himawari couldn't do anything but moan and scream in pleasure. He didn't waste the opportunity, and shoved his big cock right in her mouth.

She immediately sucked his swollen, pulsing cock tip. He moved his cock up and down her fat knockers, and every time he thrust against them he would shove his cock deep into her mouth. She moaned and squealed loudly and lewdly when he did so, leaking and caressing his fat cock tip with her little wet tongue. She'd lick and savour the salty drops of precum his cock dripped, and would clean and salivate every single inch of his massive cock.

He turned, looking at her delicate pussy, and without wasting a second he shoved two fingers deep into her pussy. He smiled fondly when he realized just how wet his sister was down there. Her pussy was already gushing and he hadn't practically touched her. She just loved when he took the lead and dominated her, doing kinky, weird shit like this.

He stopped thrusting into her tits, but his sister simply leaned her head forward, and kept sucking on his cock even if she was tied up to the bed.

The effort she put on sucking his cock made him feel a jolt of pleasure run over his body. She was so eager to please him, leaning into his cock, the ties on her wrists *burning* her delicate skin. But she didn't care if she was uncomfortable in that position or if her wrists hurt, she simply closed her eyes and focused completely on sucking his fat rod.

He finger fucked her faster and faster. Her pussy was so sensitive that it was easy for him to drive her to orgasm. He rubbed her clit with his thumb, while his two fingers were hooked inside her cunt, stimulating every single one of her weak spots.

She started to suck him faster too. She was drooling all over his cock, and the way she moaned against his cock tip was driving him crazy.

The two of them were about to come simultaneously, like if they were part of the same being.

Just when Boruto was about to blow his load inside her gullet, he withdrew his cock from her mouth. He held his orgasm for a few seconds, enough time to lean against her pussy and shove his cock to the hilt, blowing his load deep inside her cunt and giving her a full, massive creampie.

As soon as she felt him pouring his seed inside her, Himawari squirted and cummed over his cock. Her body trembled and shook furiously, and while he was cumming and painting her insides white with his seed, Boruto untied her wrists.

Himawari hugged him tightly and squeezed her cunt around his dick, *milking* his cock. She wanted every single drop of his seed inside her womb.

He gasped and breathed heavily, and she moaned and cried before biting his ear and scratching his back with her nails. He held Himawari by her neck, and he looked deep into her blue eyes before kissing her sweetly.

Their lips smashed each other and their tongues danced lovingly. He kissed her deeply and with so much passion. He thrust his tongue into her mouth, and she relented to his tongue. Boruto bucked his hips against her, his cock balls deep inside her cunt and still cumming deep inside her.

He kissed her for a couple of minutes, cumming and filling her womb for the entirety of the kiss.

With a loud growl he ended the kiss, gazing at her beautiful, glowing face. Her blue rolled in their sockets. She was smiling dreamily, her skin glowing, and one of her eyelids was trembling.

She looked at him, her tongue was lying out of her mouth.

“You *drown* my pussy in cum...” She said, her smile disappearing, she pouted at him. “But you teased so much! You are a bad, mean big brother.”

“Well, you started it, big sis. You deserved it.”

They looked cold at each other, but after a few seconds they broke into laughter.

“But there is something I need to tell you.” She said slurlily “I`m not using any birth-control technique... I didn't even been taking the pill for a month now...”

That surprised him a bit.

“Himawari... You know what that means, don`t you?”

She smiled at him, her cute eyes distilled love.

“Oh, I know what that means. I know what you want... And I know what I want, too. I`m ready, big bro
~♡”

His pupils dilated and his blood began to boil. With a single hand-sign he undid his own birth-control technique, and he shoved his still hard cock inside her already full pussy.

“Ahhh! That's what I'm talking about!! ~”

She *destroyed* the ties on her ankles, and she wrapped her legs around his waist, locking him and don't wanting to let him go. Boruto thrust his cock inside her repeatedly. Her pussy was still very sensitive, having just came a few minutes ago. Her pussy gushed and gushed not only her fluids, but some of his seed as well.

He looked at her. Her eyes were glassy and her lids heavy, she smiled sultrily at him, and he started groping her fat tits roughly. He imagined those fat, sexy and perky mammaries swollen, full of milk. He imagined her pink nipples lactating sweet milk, not only for their baby, but for him as well.

“Ahhhhh!! ~”

He bit one of her erected and pink nipples as hard as he could, and he kissed it sloppily. He squeezed her fat milkers and sucked hard on her nipples. He imagined the taste of her breast milk, sweet and lukewarm. He couldn't wait to taste her milk.

His cock twitched inside her tight, tiny pussy, and he thrust deeper and deeper. She bucked her hips clumsily, and she felt him ream her soft and wet insides.

She could feel the crest of orgasm building up inside her core. Himawari rolled her big blue eyes and started panting and moaning like an animal. She wrapped her legs around him even more tightly, and she suddenly started shaking below her big brother.

"I'm cumming! Shit! Y-you are making me cum! Come on! get me pregnant big brother! ♡~" She squealed and cried out loud, her tone lusty and her body shaking like jelly.

He obliged her, thrusting balls deep inside her cunt and letting his orgasm run wild. Boruto shuddered, his body tensed and his cock throbbed like crazy inside her cunt. He grunted and screamed and growled like a beast. A shiver ran through his spine, and he felt the heat and moisture of his sister's tiny cunt around his thick, swollen shaft.

His cock was kissing the entrance of her womb, and he flooded her womb with his thick cum.

Himawari smiled and her body flexed, she even activated her byakugan for a few seconds, just to see her brother's seed conquer her womb.

Sweat shone on their skin. Boruto had already collapsed onto his sister.

He stared at her with animalistic lust in his eyes, and she stared at him with the same fire beneath her eyes. They had cum at the same time, yet their lust was far from quench.

Himawari hugged him and started to buck her hips slowly against his still erected cock.

“Come one... Big bro...” She whispered slurtly. “Keep coming inside me, keep filling me up. I don’t want you to stop, never! Keep pouring your magnificent seed inside my womb until you get me pregnant! Come on, impregnate your nasty, slutty little sister! ♡~”

He kissed her deeply, and started to thrust his cock inside her cunt in the same mating press as before. He would not stop until he fucked her brains out.

He was willing to give his all to get his little sister pregnant. He was going to inseminate her now, no matter what.

“P-please! P-please cum inside me, honey! Pl-please! Ahhh! I-I-I`m cumming! I`m cumming all over you! ♡~”

Hinata scratched his back with her long nails, and he hugged her tightly, their bodies colliding together as she rode him like a little dirty geisha.

They had been fucking in that inn for the better part of the day. Their bodies were glistening with sweat, their cores were burning and their cheeks flushed red.

Hinata was on top of him, bouncing and shaking her wide, childbearing hips over his fat cock. He was holding her close to his chest, hugging her sinful body tightly as she rocked her hips on top of him like a dutiful slut.

She was screaming at the top of her lungs, crying out loud and begging him to get her pregnant, to give her another child. It was weird to hear her say that, even if they had never used any birth-control -Hinata hated them-, they still were pretty careful when having sex. But now his wife was asking him, begging him to pour his seed deep into her honeypot and impregnate her a third time.

So, even if he really didn't want to, he obliged his beautiful wife. He bucked his hips into her from below, and with a single, deep thrust he explode in her core.

She screamed into his chest, and he grabbed a hold of her silky blue hair.

He inhaled sharply and grunted, his wife`s pussy was tightening so much around his cock as she experienced her own orgasm.

She milked his cock completely, and he couldn't help but feel a bit uneasy about getting his wife pregnant.

He didn't want to take care of a baby again, he wasn't really at his prime anymore. But his wife could and surely would take care of their new born child practically on her own, so that settled him a little.

Soon he moaned, his wife had started to ride him again.

Yeah, it could be worse. At least he would not have to worry about having grandkids anytime soon.

“You are sure this is what you want?”

They were back in the main hall of the mansion. They had taken a break from their lewd mating session. They showered together and then grabbed something to eat, before getting ready to go at it again.

She was hugging his arm, looking at him seductively. Himawari had asked him to help her fulfill one of her darkest fantasies, and Boruto was shocked to hear her request.

“Yes, big bro. I have been curious about orgies for quite some time now, but I don't want to be near anyone that isn't you. This is the best way to do so... And also...” She buried herself in his neck and whispered in his ear. “A couple of days isn't enough time for us... You know what I mean ~♡”

His cock was already hard and ready to fuck her cunt again and again. He grabbed his little sister by her plump ass, pulling her close to him, and she stood on her toes and kissed him deeply.

Boruto broke the kiss, and he looked at her with fire burning beneath his eyes. "Okay then, little sister, but I'm not going to hold back. Let your imagination run wild!"

Boruto did a single hand-sign, and out of nowhere ten shadow clones appeared beside him, all as naked as he was and with their dicks hard and their cock-tips red and swollen.

His sister smiled playfully at him, and she did the same hand-sign as he did. Five clones appeared beside her, and the five of them smiled wickedly.

It all became a fuck fest.

Boruto grabbed one of her creamy legs and she bent it sensually, her knee was against his strong abs. He buried himself into her hungry, tight cunt. His cock shoved deep inside her, the lips of her tiny pussy stretched as if welcoming him inside her again.

He fucked her standing up, his hand was holding her creamy leg up close to him, keeping that tiny cunt wide open for him to plough her deeply.

"Ahhhh! Ahhh! Shooo good! ~"

She couldn't talk, she couldn't think, she couldn't do anything but moan like a stupid harlot. He was fucking her the way she loved it the most. His big cock hit every damn sensitive spot on her tight cunt when he fucked her standing up, and her pussy opened wide to greet his cock, like a fuck hole.

She threw her head back and she almost fell, but her brother was holding her tightly. Her fat, bubble ass shook with every single thrust he made, and she squealed like a pig.

Suddenly her eyes focused on what was happening around them, and she lost her breath for a second. Their clones were fucking around the hall like animals, like *devils*.

Three of her brother`s clones were surrounding one of her clones. The slutty doppelganger was surrounded by their big cocks, and she sucked and jerked them off like her life depended on it.

“Our sister is such a good cock-sucker! She should quit her ninja career and become a professional cock sucker just for us!” One of the clones screamed.

He was grabbing her by her head, *burying* her on his cock and forcing her to choke and gagged on his shaft like a slut. He held her face against his pubis for a few seconds, her cheeks vacuumed and spittle flew from the corner of her lips, and her face looked red, as if she was about to suffocate.

The clone suddenly let her go, and her doppelganger took a breath of air, ropes of drool ran from her mouth, and some were even over her face. They didn't gave her a break, because other clone grabbed her head and shoved his cock inside her gullet.

They kept doing that, shoving their cocks inside her mouth until she choked and gagged on them, and then passed her around like some cheap, useless fuck doll.

That *scene* alone looked incredibly lewd and dirty, but it wasn't even the worst. Himawari`s eyes kept rolling, and she gazed over where the sofas were.

Some clones were fucking like crazy, and some of them didn`t look like her or her brother.

“Ahhhhh! You fucking stud! ~ Ahhhh! That`s it! Plough my pussy, you big dickd bastard! Have a taste of a fine, good Hyuga pussy for once in your damn life! ♡~”

Her *father* was fucking the brains out of her aunt, Hanabi Hyuga. He fucked her from behind, and her upper body was resting against the sofa. He ploughed and pounded her pussy hard, and even if they were just clones, she could imagine the both of them fucking like that, they were family after all, and in their family that was the way of showing your love to your relatives.

“Ahhhh! Shit! Y-you are fucking me so damn good! I bet my pussy is t-tighter and better fitting for your big fucking cock than my sister`s! ~ I-I bet you would have l-loved to m-marry me insteaad of her!!!
FUCK! ~♡”

Her aunt squealed like a pig when HER father shoved two fingers right into her tiny asshole.

Close to the action was a clone of hers, crouching next to her father and sucking and leaking his big, fat nut sack as he fucked and ploughed her aunt`s cunt.

“What a good little daughter you are, honey! Keep licking your father's balls! He needs to be ready to put a baby inside your slutty little aunt! ♡~” Hanabi was smiling like a bimbo.

On the other couch, that sinful, lewd debauchery reached new levels.

“Ahhhhh! Y-yes baby! Keep fucking mama! Just like t-that! Ahhhhh! What a stallion my little boy is! I Am so proud! I`m the p-proudest slutty mommy in the w-world! ♡ ~”

One of Boruto`s clones was fucking a doppelganger of their *mother*. She was screaming, moaning and trembling like a nice, cute, dutiful whore, just like she was in real life.

Her brother thrust his cock deep inside their mother`s cunt from below her, and she rode him just like their true mother often did in real life.

A second clone appeared right behind Hinata, and without wasting time he buried himself deep into her tight asshole.

“Ughhhh! That`s it! Ahhhh! Fuck your nasty, sinful mama! Come on Boruto, break me! Break me in fucking half! ~ Fuck that ass! Own it!~”

That clone could`ve been mistaken for their mother any day of the week. She screamed her lungs out, her eyes crossed and her tongue stuck out her pretty mouth, her cheeks flushed and her eyelids twitching. She was being ploughed from both holes by her own son.

It was all a fucked up, kinky debauchery. Even a clone that looked exactly like her father's Sexy no Jutsu was getting pounded into the sofa.

The group of Boruto's clones that were surrounding her own doppelganger and ravaging her mouth were now fucking the shit out of her.

"Ahhhhhhh! S-slow down, please!"

They were on the floor, her doppelganger was riding one of them like a cowgirl, and a second clone was fucking her ass from behind.

"Shut up, bitch! We know you love it! Don't you dare lie to us!" The clone fucking her ass spanked her hard, but suddenly they did slow down.

A third clone appeared out of nowhere, and aligned his cock into her already full asshole.

Her clone's eyes -and her own, for that matter-, opened wide.

"Come on, get in here! Fuck this whore into oblivion" Let's rearrange her insides with our dicks!"

The third clone pushed into her asshole from above, and her puckered hole stretched like never before, allowing those cocks to fuck her as they please. Soon, the clone was balls deep inside her, and she had three big, hot, thick shafts fucking her holes. Two cocks shoved into her tight ass and one fucking her pussy from below her.

"Y-you are fucking killing me!! I'm gonna d-die! I'm gonna die because of your cocks!! ♡~"

Her clone screamed like a whore, and she looked like a whore too, with three studs fucking her holes and rearranging her insides.

“S-stop! P-please! It's too much for me! It's too Mhhhhmmmm! ~”

A fourth clone appeared right in front of her, and mercilessly stuck his cock inside her mouth, shutting her up with his shaft.

She saw her clone gagging and choking on his cock, *pleading* with useless babbling for them to slow down, yet she knew that her pleas were all but fake, that was what her clone wanted, because that was what she wanted too. She had never taken two cocks at the same time, and she dreamed and fantasized about it, feeling those strong, big shafts pounding her fuck holes and stretching them as wide as humanly possible.

She cummed on her brother's -her real brother- cock, squirting like crazy and trembling like a leaf, she almost fell to the ground, but his hold on her leg and waist was too strong.

Her mind was dizzy again, she didn't perceive what was happening anymore. She heard sounds and cries around her, but they all fell into the background. Thankfully, Boruto was right there to bring her back into her senses.

SMACK

He hit her hard in her face, smacking her with his open palm, but she didn't register it.

SMACK

He hit her again, this time harder than before, and he gave one long, hard and deep thrust into her cunt as well, trying to wake her up.

“Hey, slut! Don't pass out yet, little sister! Be a good whore, the best is still to come!”

Finally, her eyes focused again.

“S-sorry! I-I Promise! I'm gonna be a good whore! ~”

Her cheeks were burning from the smacks he gave her, and her mind was still a bit dizzy.

Her brother spitted on her face, and she simply moaned and smiled at him happily, she was a sub, after all. Even if she didn't act like it all the time like her mother did. She loved being dominated and used by her big brother like a ragdoll. She couldn't help it, she was a woman, after all, and he was her mate and owner, apart from being her brother.

“Do you like this?” He asked “Are you enjoying this?”

“Y-yeesh!” She exclaimed, like a good bitch. “I love this, big bro! This is even better than I imagined! ~”

He smiled wickedly at her, and Himawari shivered.

“Then be ready, because what comes next is going to be even better!”

Suddenly she felt someone grab her plump ass cheeks from behind. She looked over her shoulder and her eyes grew wide when she saw a clone of her brother, smiling devilry at her.

“Don't be afraid, little sister!” The clone of her brother said. “You are going to love this!”

She was perplexed, even if she had always wanted to get fucked by two cocks, she wasn't sure she would be able to take it.

Boruto suddenly pulled up her leg even more, until her ankle was resting against his shoulder. He then grabbed her other leg and forced her to do the same. She yelped, scared of falling to the ground, but the other Boruto was holding her tightly by her big, fat ass.

“N-no! N-no! W-wait a second! B-big brother, I'm n-not ready yet! I-let me prepare at le-! Ahhhhhh! FUCK!”

She tried to tell them to wait just a second, and let her prepare herself for this. But she knew her brother wouldn't let her, and she honestly didn't wanted to.

The clone behind her spread her ass cheeks with his hands and penetrated her tight, plucked hole with his big shaft.

Her tight ass stretched like never before, engulfing his cock deep inside her rectum. Her asshole gaped like never before, and she felt their cocks inside her almost *brush* each other, even if they were in different holes.

“W-wait! Y-you are going to destroy my ass! It's too damn BIIIIIG! ~”

He didn't let her get used to the feeling of two cocks inside her two fuck holes. He fucked her from the front and from behind, the two cocks were in perfect sync. She felt like the two dicks inside her were fucking her guts and her organs. The two shafts shoved in and out of her at the same time, and she *jumped* and *shook* in their arms every time they thrust inside her.

Their cocks slide in and out of her fuck holes, reaching the deepest parts of her. She moaned like a crazy whore. He pounded her cunt and ass, his hips slapped against her ass and groin with such force that she thought he would break her in half.

Boruto went balls deep inside her as fast as he could, his hips were a blur as he and his clone fucked her senseless. It was a nasty, dirty and frenzy DP, a total incest debauchery.

Himawari's big, blue eyes rolled, almost falling from their sockets. She was almost out, her body had stopped responding, and her mind was close to shutting down. Himawari was sandwiched between those two studs, unable to move, her limbs totally numb. It looked like she was just a mere marionette in their hands. Or worse, she looked like a cock sleeve for her brother's dick.

She came both from her ass and her pussy. She didn't even bother to moan or scream at that point, her mind was completely broken. She squirted and gushed on their two cocks, her cunt and ass clenched

hard. She orgasmed with every single thrust of their cocks inside her fuck holes, and every orgasm hit her harder than the last one, every time she came it became harder and harder for her mind to recover, he was truly fucking her into oblivion.

Suddenly, both of them hit her weakest spots, and her body convulsed completely from so much pleasure.

“Ahhhhhhhhh! I-I`m g-gonna die! I-it feelsh sho damn good!! ~”

She had such lewd, stupid expression on her face, with here eyes crossed, her tongue out and a stupid smile on her face. It seemed almost like her IQ had dropped every time she reached climax.

Her pussy and ass suddenly got incredibly tight. She contracted her inner walls unconsciously, her fuck holes squeezing their big, thick cocks incredibly hard, wanting to milk their cocks completely.

“Ah! FUCK! You want us to fill you up?! These holes are squeezing us so damn hard! We are going to come, little sister! We are going to ruin your holes forever! Do you want that?!”

She couldn't say a word, and even if her mind was almost blank, she screamed in her head.

Yes! Yes! Fuck me, big brother! Breed me, oh, please, breed my fucking pussy! Fill my holes forever!

They held her even closer to their chest, and their hips moved even faster than before.

The clone fucking her from behind pulled out of her ass, and without giving her any warning, he stretched her ass cheeks wide open and shoved his cock into her pussy.

Her pussy lips gaped and stretched like never before. The two cocks thrust so deep inside her that she felt them entering her womb, and they exploded inside her.

She reached heaven. Himawari's body was completely numb, she just remained there, sandwiched between those two studs and being held by their manly, thick and godlike cocks.

She squirted and cummed, but she didn't move an inch, she just layed there, in their arms, as the two studs filled her womb like never before.

It was the longest orgasm the two of them had ever experienced. Boruto cummed gallons and gallons of jizz, and his clone did so too. Himawari couldn't feel her lower half anymore, she was so damn tired and sore. But she felt incredible, she felt on top of the world.

When their orgasms ended, she raised her head, and looked her owner, lover, mate and beautiful big brother into the eye.

They both smiled, his cum oozing down her leg already. Himawari was about to speak, but then, all her clones suddenly dissipated.

It all happened fast. All the images, feelings and memories stormed her mind. Her own body went through all the feelings and sensations her clones experienced, and it was simply too much for her.

She screamed, cumming and squirting her life force out, soaking the whole room with her fluids. Her mind shattered in pieces, and she blacked out from the pleasure.

When Naruto closed the door and stepped into his mansion with his beautiful wife beside him, he knew something wasn't right.

Everything looked arranged and extremely clean. He gazed at his two grown children, they looked so peaceful, watching the TV and hugging one another on the sofa.

"Mom and dad are finally home!" His wife exclaimed, cheerfully.

Their offsprings looked at them, and when he finally looked his beautiful daughter eye to eye, he almost started crying.

Her skin was glowing, she looked so peaceful and at ease, yet her face irradiated happiness. She looked *almost* motherly. She looked like an impregnated woman, and he knew that look and glow very well, because his own wife glowed and looked like her.

"Hey you two! We missed you!" His daughter said, standing up from the sofa. She walked closer to them. "Mom, we did it! Mission accomplished!"

Himawari rubbed her belly, and a soft blush appeared on her cute face. His wife rubbed her own belly too, and smiled at her.

Naruto was feeling dizzy already. He looked at his son, and Boruto simply looked at him nervously, scratching his head. He gazed at his wife again, and she was giving their daughter a thumbs up. Himawari laughed, and did the same. They looked so happy, he couldn't be mad at them. They looked happier than ever, and if they were happy, then he was happy too.

Naruto sighed, finally accepting fate. It looked like he had to buy two cribs instead of one after all.
