ABSTRACT (BAHASA INGGRIS) (12pt, Bold, Left, Uppercase) The abstract is written in English and Indonesian, each in one paragraph and should not exceed 250 words. The abstract should contain a clear statement of the introduction, methods, results, and conclusions. (12pt, Left, single-spaced)	Received: Received in revised form: Accepted:
--	---

Keyword: Write a maximum of 5 keywords and no more than 2 words per keyword (12pt, Left, single-spaced)	
ABSTRAK (BAHASA INDONESIA) The abstract is written in English and Indonesian, each in one paragraph and should not exceed 250 words. The abstract should contain a clear statement of the introduction, methods, results, and conclusions. Kata Kunci:	

INTRODUCTION/PENDAHULUAN

Manuscripts are written in Indonesian, but we prefer English. Authors can customize each subheading to suit their chosen language using the templates we provide. Manuscripts should be written in Microsoft Word with the latest .docx extension. Graphs can be created using Microsoft Excel or other programs and then copied and pasted into the article. Figures or photos should be inserted in JPEG or PNG format. Manuscripts should be typed in **OPEN SANS font, 12-point size, with 1.15 spacing, except for tables and graph/figure titles, which should be single-spaced**. Manuscripts should be formatted on A4 paper, with 2.5cm margins on all four sides, and a word count of 4,000-8,000 words, including references.

The introduction should briefly **explain the research background, current conditions, and objectives**, supported by the most recent references.

Naskah ditulis dalam bahasa Indonesia, tetapi kami lebih menyukai bahasa Inggris. Penulis dapat menyesuaikan setiap subjudul agar sesuai dengan bahasa pilihan mereka menggunakan templat yang kami sediakan. Naskah harus ditulis dalam Microsoft Word dengan ekstensi .docx terbaru. Grafik dapat dibuat menggunakan Microsoft Excel atau program lain, kemudian disalin dan ditempelkan ke dalam artikel. Gambar atau foto harus disisipkan dalam format JPEG atau PNG. Naskah harus diketik dengan font OPEN SANS, ukuran 12pt, dengan spasi 1.15, kecuali untuk tabel dan judul grafik/gambar, yang harus menggunakan spasi tunggal. Naskah harus menggunakan kertas A4, dengan

margin 3 cm di keempat sisinya, dan jumlah kata 4.000-8.000 kata, termasuk daftar pustaka.

Pendahuluan harus menjelaskan secara singkat latar belakang penelitian, kondisi saat ini, dan tujuan, didukung oleh referensi terbaru.

LITERATURE REVIEW/TINJAUAN PUSTAKA

This section critically synthesizes relevant theories, conceptual frameworks, and empirical findings from previous studies related to the research topic.

RESEARCH METHODS/METODE PENELITIAN

This section explains the research design, approach, type of research, and procedures used to address the research objectives. The description of the research methods includes data collection sources and techniques, research instruments, and data analysis techniques used.

If there is a subtitle in the method, they should begin with a capital letter (12pt, left, bold). Capital letters should only appear at the beginning of each word in the subtitle, except for conjunctions.

Example:

Research Type and Design

RESULT/HASIL

Research data should be presented in tables or figures whenever possible. There should be no duplication of data in tables and figures. Sentences in the results should explain or describe the data in the table or figure, but figures should not be repeated excessively.

Table (12pt, bold, left)

Table titles should be clear and convey complete information even without text. Table titles should be concise and clear, with only the first letter capitalized.

Example

Table 1. Statistical Test Results (Quantitative)

Variabel	Mean	SD
Pretest	70.5	8.5
Posttest	87.6	7.9

Tabel 1. Hasil test statistik (kuantitatif)

Variabel	Mean	SD
Pretest	70.5	8.5
Posttest	87.6	7.9

Figure (12pt, left)

Figure or graph titles should be concise and clear, positioned below the figure or graph. Only the first letter capitalized. Figures and graphs should be of good resolution.

Example

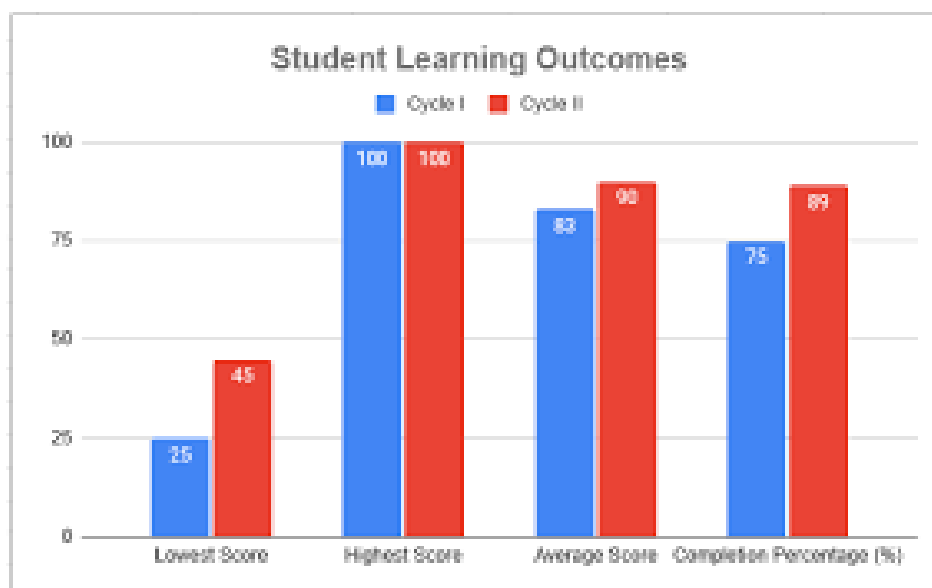

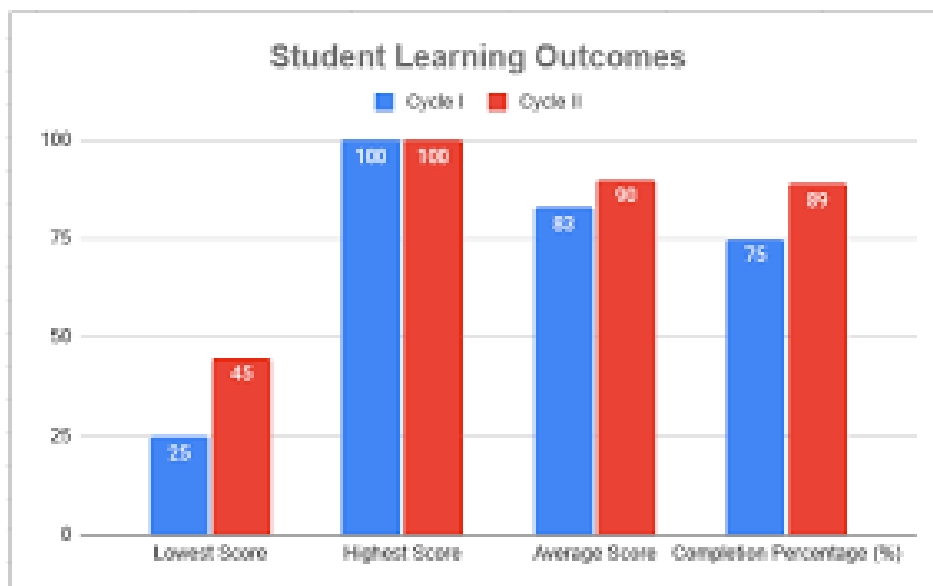

Figure 1. Comparison of student learning outcomes

Gambar 1. Perbandingan hasil belajar siswa

If there are subtitles in the research results, they should begin with a capital letter (12pt, left, bold). Capital letters should only appear at the beginning of each word in the subtitle, except for conjunctions use all lowercase letters.

Example:

Student Learning Motivation Level

Jika terdapat subjudul dalam hasil penelitian, subjudul tersebut harus diawali dengan huruf kapital (12pt, kiri, tebal). Huruf kapital hanya boleh muncul di awal setiap kata dalam subjudul, kecuali untuk kata penghubung menggunakan huruf kecil semua.

Contoh:

Tingkat Motivasi Belajar Mahasiswa

DISCUSSION/PEMBAHASAN

The discussion must be consistent and interpret the results clearly and concisely. The discussion must demonstrate the relevance of the results to the research field and/or hypothesis within the scope of the PRAXIA journal. The discussion must not repeat what has already been explained in the research results section.

If there are subtitles in the discussion, they should begin with a capital letter (12pt, left, bold). Capital letters should only appear at the beginning of each word in the subtitle, except for conjunctions.

Example:

Student Learning Outcomes in Science Subjects

CONCLUSION/KESIMPULAN

The conclusion should be written briefly in one paragraph, but should reflect the results of the research conducted.

CONFLICT OF INTEREST/KONFLIK KEPENTINGAN

The authors declare that there are no conflicts of interest, either financial or personal, that could have influenced the work reported in this manuscript.

Penulis menyatakan bahwa tidak ada konflik kepentingan, baik finansial maupun pribadi yang dapat mempengaruhi pengerjaan manuskrip ini.

ACKNOWLEDGEMENTS (Optional)

Acknowledgments (if any) to people or institutions that assisted with the research may be included.

REFERENCES (12pt, left)

References should be written in APA (American Psychological Association) style. References and citations may be written manually, but editors prefer applications such as Mendeley, Zotero, or EndNote.
