

Stephane Browet CV :

Stephane Browet was born in 1972 in Asse, Belgium. In 1995, he graduated as a Dentist from the Free University of Brussels. He pursued a two-year postgraduate program in Aesthetic Dentistry there. Since 1999, he has been teaching rubber dam techniques and adhesive dentistry. Stephane was actively involved in the Scientific Council for Restorative Dentistry at the NIVVT. He is also a former board member of the BAED (Belgian Academy of Aesthetic Dentistry). Additionally, Stephane was an active member of the ESMD and is currently an active member of the Bio-Emulation Group.

He teaches both nationally and internationally on topics such as microscopic dentistry, cracks, posterior and anterior composites, and indirect ceramic restorations. His teaching, training, coaching and mentoring are based on 30 years of clinical practice.

Stephane is also a certified Life Coach, Certified High Performance Coach and Certified Management Drives Partner.
