## Movie Review and Fun Facts

BY: OLIVIA FRAZIER

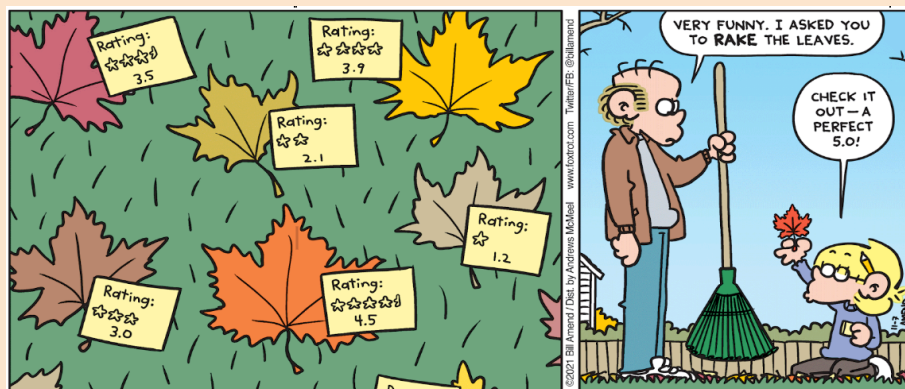

Movie review!!!!~Hocus pocus 2, the legacy sequel to the almost thirty year old Hocus pocus has finally aired on september 30th, with the returning ~Iconic~sanderson sisters. There was an incredible hype around the sequel and the classic movie that included a spooky halloween comedy that left people laughing. This movie had everything from back story to special effects. Hocus pocus is one of the projects you would imagine everybody laughing and applauding after every scene. The jokes were almost too much to handle and the story line was impeccable. The enjoyment of watching people as old as time walking in modern day weart reminds you of your grandparents on the internet confused by the new slang. The plot of hocus pocus revolves around three witches that appear on halloween night when someone with a pure body lights the black wick candle. A

## TOP 3 HALLOWEEN COSTUMES

BY: MADISON CIRELLI

*Hello ghoulish people! It's that one time of year that everyone loves, it's Halloween! The thing that is the worst about Halloween is you want to wear every costume! In this article I'm going to tell you 5 awesome costumes to wear this year!*

1. A hippie! This costume is super cool. I'm going to be this for Halloween since it's super easy, cute and you can match with friends too! The items you need to create this costume is, flower sunglasses or glasses of your choice, a flower headband, tie dye t shirt, cute vintage type jeans or jean shorts (it is going to be cold though!), brown sandals or shoes of your choice, some additional accessories is a peace sign necklace, scrunchies, or peace sign earrings!
2. Ghost! This costume was actually a very popular trend on TikTok. You would take pictures as a ghost with sunglasses and post them on your social media accounts, but it's actually a good super easy costume a girl or boy can be! This costume needs a white thin cloth so you can see without cutting holes in the cloth, and a pair of sunglasses or none instead you could just color eyes with black marker, but it could bleed through!
3. Baseball Boy! This is a super good costume especially if you play baseball you could use your uniform and represent your team! If you don't play baseball you can get a jersey or a black under armor t shirt, baseball cap, white pants, sporty baseball sunglasses, baseball bat, glove with a baseball, and eyeblack.

## HALLOWEENTOWN REVIEW

BY: MAKAYLA HULTS-BARCIA

The movie Halloween Town, airing October 17, 1998, centers the character Marnie, who has always been fascinated with things her mother had not approved of, such as halloween and witches. On her 13th halloween her grandmother comes to visit and during her visit she overhears her mother and grandmother having a conversation about starting Marnie's witch training. After hearing this conversation she realizes that she is a witch and so are her grandmother and mother. In this conversation she also learns that her grandmother's home, Halloween Town, is in trouble and her grandmother needs help from another witch to save it. She and her siblings follow her to her home, Halloween Town, so that she can start Marnie's training without her mothers consent. When their grandmother is taken by the secret

force destroying Halloween Town Marnie and her brother and sister go on a quest to obtain the things they need to get their grandmother back and save her home. In their visit Marnie and her siblings learn much about themselves and their families past and how to overcome and accomplish things as a family. This movie has 3 sequels and I would highly recommend all 4. They are all on Disney Plus if you are interested in watching them.

specific candle that is needed to bring the witches back. Additionally A young boy was turned into a cat, flash-forward three hundred years, the witches appear in present day America confused by the new technology, but desperately look for ways to stay alive forever and torment the townspeople to therefore get revenge on the new modern world. Meanwhile ever so funny character Gilbert remains with the black cat from the witches time. The movie's special effects include puns of modern day technology. This included witches flying around on brooms, ~vacuum cleaners~, and cats developing the ability to speak. The effects and the characters are all tossed into a confusing cauldron where there is so much activity and such little progress of defeating the powerful witches. There was a lot of comedy including bone chilling screeching. The witch sisters are led by Winifred who from a young age loved and protected her sisters and will continue to do so for all of eternity as they all sacrifice themselves to be with each other. Winifred would lead her sisters to the children and all pitch in to make a special potion that would eventually allow them to live forever for a special price. After watching Hocus pocus I was able to conclude that the filmmakers had talked their way to the plot to their own satisfaction adding jokes and funny technology most would never think of adding for a halloween comedy. This is the kind of movie where the characters keep reciting the rules and

## MY 5 FAVORITE THINGS TO DO IN THE FALL

BY: MATTHEW ABIEL GARCIA

We all have things that we like to do during the fall, whether it be pumpkin picking or Halloween. But here are my favorite things for fall. 1. First, I really like going to a farm. From apple picking to the corn mazes, this is definitely something I recommend to others. 2. Another thing I like is going to the New York Marathon on November 6th. It's so fun to watch them run through the streets. 3. Going upstate is so cool. You get to see gigantic wood cabins, HUGE mountains, and a great view. Definitely something I would recommend. 4. Celebrating holidays like Halloween and Thanksgiving are very fun to spend with friends or family. 5. For the sports fans reading this, you should definitely go to a football/baseball game. You get a front seat in the action and get to experience it eye-to-eye in the stadium (NFL kicks off on Sept. 8 and NBA starts on Oct. 19) And that's that! Thanks for reading!

“Just admit it; you can’t do anything even if you tried,” Yuri said mischievously. “Oh yes, I can!” John yelled. The other girls laughed at him. He ran out of the classroom door and into the lobby. He planned to steal Monika’s car so she won’t chase him. “After him!” Natsuki yelled. But John had a head start. He pushed open the door and got in Monika’s car. He started the car, and the tires screeched along the street. “Hasta la vista!” John yelled back to the girls. “Do something!” Sayori yelled at Monika. “Here’s something you can do. Get me a ghoulish figurine. Get a big one from the Halloween costume store. Use it to scare him off the road!” Monika demanded. Sayori got into Yuri’s SUV and drove to the store. “She better be back fast enough,” Monika muttered to herself.

## HALLOWEEN HORROR

Halloween horror movie 🎃 🧛 🦇

Since halloween is approaching let's talk about the best scary movies about halloween. We all know the classics like scream and friday the 13th but here are some more movies we love:

**The Halloween franchise** is a classic horror movie about halloween. This movie series has been going on since 1978-2021 and is coming out with the last movie on october 14th 2022. The main characters Micheal myers and Jamie Lee Curtis have been in movies for years and sadly this series that everyone loves is coming to an end. The series has 13 movies in total including the one that will come out shortly. The lowest rated halloween movie is The curse of Micheal Myers 1995 and the highest was The original halloween movie made in 1978!!! I recently saw the new halloween movie and I thought it was good but many people did not enjoy it. They added a new character named Corey who swifited people's enjoyment of the movie. Corey was found to be working with Micheal because he was possessed or something which didn't make much sense but the plot was good. I enjoyed this movie and would give it a 8.5/10

**Trick 'r Treat** is a Halloween movie about a killer who kills people if they hurt jack- O- lanterns. In the movie a bus was carrying eight mentally disturbed children, clad in freakish Halloween costumes and so troubled that they had to be chained to their seats. That fateful day, the driver (Gerald Paetz) deviated from his normal route while taking the kids home. Their parents, no longer able to stand the strain and humiliation of caring for them, paid the driver to put them out of their misery by driving the bus into the lake at the bottom of the rock quarry, intending to make it look like a horrible accident. However, while double checking the restraints on the kids, one of them, a masked vampire (Richard Harmon), is able to free himself and hijack the bus, repeating that he wants to go home. Disturbed and confused as he is, the boy accidentally puts the bus in gear and drives it over the edge of the cliffside into the lake before the driver can stop him. Macy says that the driver survived but was never heard from again and the bus was never recovered, possibly because the rest of the town just didn't want to bother. Years later, 4 teens make jokes about the killings and ruin the memorial of the lost children by tossing jack o lanterns that were in front of the memorial into the lake the kids died in. The kids then rose out of the water and killed the teens. This was a classic movie that came out in 2007.

These are just some classics that I really enjoy and I totally recommend.

## HISTORY OF HALLOWEEN

BY: NICOLE KOLYUZHKO, MICHAEL COSENTINO, CHRISTOPHER PAPANDREA

Have you ever wondered before, “How was halloween created,” or,

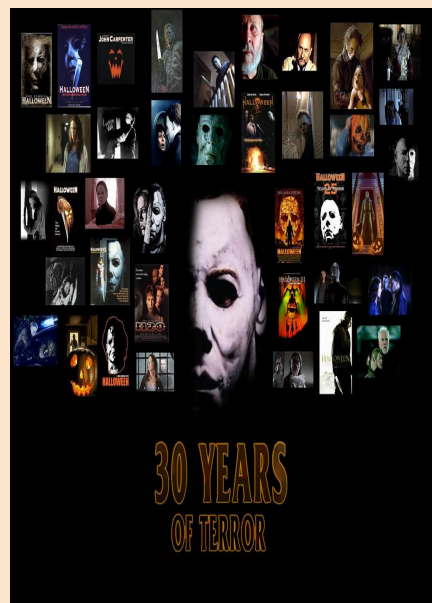

“What is the history of halloween?” Well, today you are about to find out.

Halloween first came to the United states on November 1st, in the 1840’s, according to google. It came to the United States because of the ancient Celtic festival of Samhain, when people would light bonfires and wear scary costumes to scare away ghosts. According to google, It states, “The tradition originated with the ancient Celtic festival of Samhain, when people would light bonfires and wear costumes to ward off ghosts. In the eighth century, Pope Gregory III designated November 1 as a time to honor all saints. Soon, All Saints Day incorporated some of the traditions of Samhain.”

So, therefore, that is how Halloween was invented. Have you ever wondered before, “How was halloween created,” or, “What is the history of halloween?” Well, today you are about to find out.

## **REVIEW IS WHAT I SAY**

**WE REVIEW GAMES HERE... THAT'S REALLY IT...**

BY DAVID KAHT

Hello! It's me, David, from Review is What I Say. If you don't already know, this section is named after my YouTube channel, which ironically doesn't have any reviews on it. [Click here](#). Anyway, happy Halloween! In theme of the day with scary killers, let's talk about a game with... potential killers. That game being:

## **Among Us**

You might be thinking, David. Among Us died a year and a half ago. To that I say... you're right. That doesn't mean I can't review it. YOU CAN'T STOP ME! Anyway, Among Us, for the 3 that don't know, is a very interesting spin on the game, "Mafia." That is a game where there's a few members of the mafia who are killing the townspeople, and every day, after one of the players goes missing because, you know, they're dead, the townspeople discuss who the mafia could be.

It's an interesting game, but Among Us flips that idea upside down. Instead of the game being solely based on the discussion part, it's a story of a bunch of crew members on a spaceship that is beginning to fail. The crewmates have to work together to complete tasks to fix the ship. As this is happening, there's an alien imposter on the ship trying to keep the crewmates from finishing the tasks. How does the imposter do this? By killing them of course! If one of the crewmates sees an imposter climb into the vents or kill a player, or just simply find a dead body, they can call a meeting. This is the part of the game that more resembles its inspiration, where the crewmates discuss who

# HALLOWEEN

**Joseph Lasker**—“What is your opinion on Halloween?” I asked him. He responded, “ So my opinion on Halloween is that you can eat candy all day.” Joseph likes candy I suppose. He seemed happy. “What would you recommend to wear?”

the imposter could be. They all ask where everybody is, what task they were doing, or give testimonies to why they aren't the imposter, or why somebody else is. The game blew up as much as it did because a bunch of big YouTubers and Twitch streamers would play Among Us together, and because they could talk on Discord and such instead of having to type it like most players, the interactions were a lot more funny. The other reason why the game exploded was the memes. So many memes. First was the word, sus, which was popularized (and oversaturated) by this game. Then there were the memes that they could see Among Us everywhere. In garbage pails, chicken nuggets, or even a sideways Champion logo. Then there was the Amogus meme, and the Among Us trap remix, then the dripped out shoes meme, and there ended up being so many memes that people got sick of the game. That's when it died. However, quote The Princess Bride, "He's only mostly dead." Among Us never experienced as much "death" as other games, like Fall Guys. Every month, there's a new Among Us meme trending, and the playerbase is still MASSIVE. So many mods were made about the game that the modding landscape rivals even that of Friday Night Funkin', a fellow dead game. I'm even going to say it: Among Us is really fun. It never gets old because there are infinite possibilities. A lot of features have been added since the game blew up, like a Henry Stickmin inspired map, new cosmetics, an in-game currency, and even new roles aside from crewmate and imposter. The game will never stop being fun, no matter what Twitter says. I love this game. This wonderfully sussy game. I am not ashamed of still liking this game, and you shouldn't be too. And I definitely did not write this at gunpoint. I genuinely believe all of these things.

## TOP 5 THINGS TO DO ON HALLOWEEN

BY: Christina Timoshkov

Are you bored of always trick or treating every single year? Do you want to do something different? Then you have come to the right place! I'm going to tell you the top 5 fun things to do on Halloween!

One of the funnest things to do on Halloween is going to Haunted Houses! It's such a fun tradition and you can bring your family and friends along as well! Haunted Houses are a great scary experience. Halloween is all about scary monsters and other terrifying creatures and this is the perfect way to celebrate it! It really brings out the Halloween spirit and is super fun to try out sometime!

I know a lot of people are scared of Haunted Houses, so another great way to celebrate halloween is visiting a Pumpkin Patch. It's one of the best Halloween traditions to do with your family. Yes, I know, it might seem like such an ordinary and boring place, but trust me, you will make so many great memories there!

If you don't like any of those things I had just listed, I'm sure you'll love this one. Hold a Halloween Party! A Halloween party is something that not many people do, but it's very fun. Since us kids are getting older, trick or treating might get boring for us. Therefore, a Halloween Party is a great option.

We all have to get into the Halloween spirit and so should your neighbors. If you love to ding dong ditch this is just as fun. Spook your neighbors! It's basically just like ding dong ditch, but scarier. You can dress up in your Halloween costume, ring the doorbell, run away, and jump out of nowhere and scare your neighbors! You won't know how fun it is until you try it out!

The last and the easiest thing to do on Halloween is carving a pumpkin! It's super easy to do and is so worth it! All you need is a pumpkin (any size) and something to carve it. Something I did when I was younger, was painting the pumpkins! If you want to carve a pumpkin, it will require parental supervision and you might not be able to do it on your own, so the best decision is to paint it! It's a super fun art project and you can place the pumpkins outside for everyone to view them!

There are still many more things to do on Halloween if you don't

want to go out and go trick or treating. Happy Halloween Paulo Panthers!
