Parents/Guardians

Last evening, a note containing a possible threatening message was brought to the attention of high school administration. The administration and our school resource officer were in cooperation into the night to determine the credibility of the note. Although our initial investigation gives us confidence that there is no viable threat, due to the timing of the situation and out of an abundance of caution for our students and staff, we have made the decision that the high school will not be in session today, January 15th, to allow the investigation to progress. As this situation is isolated at the high school, the junior high and lower elementary buildings will run as normal. Please be aware, however, that those students that ride the Cullom shuttle in the morning will not have access to the high school commons area this morning. We will update you when possible as details become clear.

Thank you

Jay Bennett
