

5" Square Book with a Nestled Signature

Pages

Cut 6 pocket pages to 5" x 10 ¼". Score at 5" and 10". Burnish and attach ¼" flap to the outside to create somewhat of a cylinder.

Page Inserts

Cut 6 page inserts to 4 ¾" x 4 ½".

Nestled Signature

Top: 4 7/8" x 1 ¼"

Middle: 4 7/8 x 1 ¾"

Bottom: 4 7/8" x 2 ¼"

Score all pieces ½" from each side down the length of each piece. Burnish well in both directions.

Attach score tape to the center of the backs of the middle section of each piece and nestle together with the largest on the bottom and smallest on the top. The ½" pieces on the sides should be free and will be adhered into your pages. Cutting a small diagonal section off the ends makes it easier for them to fit into the pages. To adhere apply score tape on both sides of the ½" flaps and insert into page openings. The signature is simply adhered to the inside spine of your book.

Covers

Cut 2 pieces of mat board 5 ¼" square for the front and back covers.

Cut 1 piece of mat board to 5 ¼" x 1 ½" for the spine.

Adhere paper over your covers and spine, leaving a ruler's width between the spine and covers as you wrap the paper. Cover inside as well. Burnish in grooves between spine and covers. Attach signature, with pages adhered, to the inside spine of your cover.
