

The Arcade Gacha Wishlist

June 2014

Contact: Nadya Krushek

(Display name: nadya crème brûlée panča)

List is alphabetized by store name for convenience.

I will only pay gacha price or less for **common items**, and not a penny more.

I have no items yet to trade for rares, and I am highly unwilling to pay through the nose, when you only paid the gacha price. I will not offset your spending spree by overpaying. I'm too damn cheap, and the only ones who should make a sizeable profit from these items are the ORIGINAL CREATORS!

Collection names link to their respective product key images.

Italicized Items are RARES.
