District 13 currently has only one-Color Guard team and it is located in the South (Eugene/Florence, OR) area. We are planning to train a team for the North in January of 2025. The South, and East areas of operation currently do not have teams. Please keep this in mind if you are requesting a Color Guard to support your event. All Color Guard personnel will be trained at District training meetings or special academies to standardize their presentations. Each member will successfully complete the training PQS and exam prior to being qualified to perform as a Color Guard Member. Each team will participate in public events i.e. Veterans and Memorial Day events; Flotilla, Division, and District Changes of Watch; Auxiliary Memorial Services, and other special events to include assisting in Active-Duty Coast Guard events.
