

## BIKE REPAIR WORKSHOP SCHEDULE and SIGNUP FOR JUNE 7th STEWARDSHIP DAY

Students, sign up for one of the **three** repair workshops listed below.

You will learn how to

- do a quick check over to make sure a bike is safe to ride
- adjust brakes
- Fix a flat and pump up tires
- Adjust seat heights and handlebars

Bring your own bike if you have one. Don't worry if you don't have a bike. The school has bikes that need repair that we can work on.
