23.	Contribution of IQAC
-----	----------------------

	❖ Incremental changes during the last two years Feedback forms from students are collected and analyzed at the end of each semester to improve educational quality. A greater number of faculty members and students are encouraged to engage in MOOCs (Massive Open Online Courses) for enhanced learning opportunities. The Institutional Plan, College Calendar, and departmental action plans have been meticulously prepared and compiled. Faculty members are advised to implement innovative, student-centric teaching methods that align with current educational standards. Faculty members are instructed to strictly follow the policy documents issued by higher authorities, adhering to the Standard Operating Procedures.

24.	Best Practices of Institution Click here
1.	Best Practice-1: Mentor-Mentee System Goal: 1. Strengthen the teaching-learning process. 2. Pursue high-quality education and address future obstacles. Context: The mentor-mentee aids in educational decisions, skill development, and employment opportunities, especially for students with financial constraints, ensuring they receive the necessary support for both academic and personal growth. Practice: Each teacher mentors 20 students, starting with a questionnaire to gather personal and academic information. Evidence of Success: The system encourages class attendance and participation in activities, fostering a close mentor-mentee relationship. Challenges: Motivation for mentors is crucial as there are no financial incentives. Some students skip classes for jobs or entertainment. Resources: The mentor-mentee system bridges students and society, aiding in holistic development.
2.	Best Practice-2: Helping Poor but Meritorious Students Goal: 1. Provide quality education to needy students.

	2. Supply study materials and encourage self-improvement. 3. Promote a healthy living environment and social integration. Context: Since 2019, the college has supported poor students by raising awareness on health, safety, and social integration, fostering harmony across social barriers. Practice: Meetings determine fund allocation for needy students, providing essentials like groceries, books, and exam fees. Evidence of Success: The institution records all actions and provides necessary support to poor but meritorious students. Challenges: Limited funds restrict aid to a small number of students, making it difficult to meet all needs monthly. Resources: Financial support from the faculty and philanthropists is crucial, aiding the welfare of underprivileged students and highlighting the institution's commitment to supporting those in need.
