

Align curriculum and instructional practices across the pre-K-3rd grade continuum to ensure that they are comprehensive and differentiated for students along the developmental continuum.

What would success look like in this area?	How have you/can you take action?	Potential Challenges/Opportunities	Additional Supports or Information needed
What do you want to remember? What can you envision?	What have you done or seen done or want to do?	What barriers do you anticipate? Given these, what will you be prepared to do or share or...?	Who do you need to enlist to support community organizations etc.? What data do you need to guide your decisions/actions?

Align curriculum and instructional practices across the pre-K-3rd grade continuum to ensure that they are comprehensive and differentiated for students along the developmental continuum.
