January 15, 2020: Webinar: Creating Course Outcomes

12:00-1:00pm, online

Just as an outline helps you create a coherent manuscript without distracting asides, thoughtful course outcomes help you to create courses that meet your goals for the class, your program, and the university as a whole. Course outcomes are also excellent guideposts for developing meaningful and useful assignments and assessments. This webinar will walk through the process of creating course outcomes and will introduce a new tool for adding course outcomes to your syllabus.

February 2020 (TBD): Co-curricular Assessment of Teamwork/Collaboration

A discussion of how best to use the AY2019-20 assessment data on the CSLO "Teamwork/Collaboration", with further information on reporting requirements.

February 2020 (TBD): Assessment in HUM GenEd courses

In Fall 2020, all faculty teaching HUM classes will use criteria based on feedback from the faculty, as well as the Minnesota Transfer Curriculum. This discussion will help faculty interpret the HUM assessment criteria as well as develop appropriate assessment tools for their classes.

Assessment Calendar

March 2020 (TBD): Co-curricular Assessment of Communication

A discussion of how best to implement the AY2020-21 assessment of the CSLO “Communication”, with information about criteria of assessment, appropriate and useful assessment tools, and the reporting cycle.

March 2020 (TBD): Discussion of Assessment in SCI-L GenEd courses

In Fall 2020, all faculty teaching SCI-L classes will using criteria based on feedback from the faculty, as well as the Minnesota Transfer Curriculum. This discussion will help faculty interpret the SCI-L assessment criteria as well as develop appropriate assessment tools for their classes.
