1. Admin UPDATES

Mme. Louise -

introduced as interim Vice Principal. She has been at Trafalgar in different capacities with teaching. Will be replacing Erin until she comes back.

M. Daniel -

Thank you to the volunteers at the Spring festival. It was great and everyone was very adamant to recognize the hard work the committee has done. Thanks for organizing!

Thanks to staff and parents who receive the report card.

Thanks to the resource team for making them for your child.

Thanks to Mme. Napper (spelling?), the week of field hockey - who had coaches that were players from the national team.

Spirit days coming up - division 19, recognize their work!

Thanks to all student volunteers at different activities - knitting club, over 50 students there at the new club!

Thank M. Boisvert for taking a few kids for a day for the environment.

M. Boisvert - We were lucky to attend the climate action leadership forum, both for students and teachers. Students were lucky enough to attend and they had a few workshops throughout the day about climate change. At the end of day, they came up with ideas to put those ideas forward to action in the school. Want a **Green Club** at the school. Will be starting this at the school and focus on tackling waste and litter at the school. Lines up with UNESCO theme of zero hunger. It's a very positive idea!

M. Daniel - Thanks to the volunteers for the hot lunch. It has been very smooth. Thanks to all the students in basketball, choir, and band activities. We are proud of our school.
