

M&M MUNCH

OBJECTIVE:

Be the first team to eat all their M&M's.

SUPPLIES NEEDED:

1. Large Bag of M&M's (1 per team). Get smaller bags for shorter games.
2. Large bowls (1 per team)
3. Tables (1 per team)
4. TV or Video Projector, and a computer for playing the video.

****If you do not have a TV or Video projector, you can just shout out random M&M colors or print out the M&M color graphics by downloading the required media zip file on Youthbreakers.com****

TEAMS:

2 or more teams

SETUP:

1. Setup video projector / large screen with M&M video ready to play, or print out the M&M colors below if you do not have that as an option.
2. Up beat background music is optional, but adds to the excitement.
3. Setup the tables in front of the Video Screen so that the teams are facing toward the screen when the game starts.
4. Put bowls on table with equal M&M's in each bowl (such as 1 bag per team)

HOW TO PLAY:

1. Each team lines up at the tables
2. Each person will have 10 - 15 seconds to eat as many M&M's as possible.
3. Once the time is up, they need to stop and run to the back of their line.
4. At the same time, the next person will run as fast as they can to the table and begin their round (they only have a few seconds in between rounds, they should be quick)
5. The trick is that **ONLY** the color specified can be eaten during each 10 - 15 seconds. (If one of your colors is gone, you have to wait)

Start the game by starting the video with the different colored M&M's (included on Youthbreakers.com). At each interval when it says "STOP" the next person needs to rush up and only has around 2 - 3 seconds to swap.

It starts getting really interesting / fun when the teams only have 1 or 2 colors left since they can only eat the color specified.

The first team to finish their M&M's is the winner.
