 - Issue: https://www.drupal.org/project/drupal_cwg/issues/3307640
 - August 30 - needs second review
 - Issue: https://www.drupal.org/project/drupal_cwg/issues/3307643
- **Full CWG**
 - Bi-monthly meetings.
 - Next meeting
 - Due to Drupalcon Prague, moving to late September or early October.
 - Contacted a candidate for host. Awaiting reply.
- **Recruitment/On-boarding**
 - New conflict resolution team member
 - Mark Casias has been promoted to a full member.
 - An additional member has been approved by our review panel and has been contacted to begin onboarding.
 - Expected final new member to start onboarding Q4 2022
- **Templates - Documents of snippets**
 - Worked on documents and started Google Drive for team members to reference.

Old Business - External

- **Report submitted on September 20, 2020. Disagreement in issue queue between two community members. Issue reopened based on a new incident report received May 9, 2021.**
 - One issue remains on this
 - We are continuing to work with both involved parties.
 - Collaboration continues via email and the Drupal issue queue.
 - No update.
- **Report of inappropriate comments by a community member in the Drupal Slack workspace**
 - Account was disabled in Slack and the individual was notified as to the cause and next steps.
 - Communication with the individual and requests were made in order to reactivate Slack for the individual.
 - Requested edits of response from the individual. Awaiting response.
- **Incident report received August 22, 2022 about a heated exchange between community members in the Drupal Slack workspace.**
 - Individual was seeking specific support and was unhappy with the lack of response.
 - The individual feels they are being singled out for no support.
 - Answers were provided, however not to the satisfaction of the individual.
 - Some responses provided were deemed “escalating”.
 - Discussed the issue with the individual over Slack and will continue to monitor the situation.
 - Check in with the individual scheduled for two weeks.

New Business

- **New issue reported via Slack DM regarding unwanted behavior in various Slack channels by a community member**
 - A direct message was sent to the individual via Slack as a nudge.
 - Next Steps:
 - Monitor the situation and see if the individual replies in a positive manner.
 - Update the reporter on how the individual replied.
