Hi [Name],

I'm reaching out to share with you a special fundraiser that is near to my heart. As a Child Life Specialist, I am very aware of the effects of trauma on children and I have seen first-hand how valuable child life skills are to decreasing those effects.

Child Life Disaster Relief is a 501c3 nonprofit organization that has been working to integrate child life specialist into the disaster relief field for the past several years. With the help of our generous donors like yourself, this organization has been able to provide children with the resources and tools needed to encourage post-disaster resiliency and positive coping.

Will you consider donating? (<https://cldisasterrelief.org/support-us/give-kids-the-power/>)

Sincerely,

[Your Name]
