

Running List of Audition Songs

This list should be used only as a resource for suggestions of audition songs, not a comprehensive or definitive list of songs that you should sing. Some songs may be right to use for some shows, others may not. This list does not take the place of doing your own research into audition songs that are right for you.

Additionally, Encore cannot provide sheet music for your audition songs. There are plenty of resources on the internet where you can obtain sheet music.

If singing a song originally written for the opposite gender, please consider having the song transposed into a key that fits your vocal range.
